# RESIGNATION OF DUPUY IS ACCEPTED!

## Police Get New Order In Traffic Arrests

## OFFICIAL NOT WILLING TO TELL WHY HE QUIT

John F. Johannessen, Already In City's Employ, Given Engineer's Place

Benjamin F. Dupuy, city engineer and street superintendent, this morning tendered his written resignation to the City Council. On motion of Councilman S. A. Davis and second of Councilman S. S. Gilhuly, the resignation was unanimously accepted.

In an interview with a News reporter, Mr. Dupuy gave out the following statement: "I cannot say anything without stirring up a big mess—so for the present I prefer to say nothing. My resignation is in and speaks for itself. The article appearing last night in The Glendale Evening News was very satisfactory."

Virgil B. Stone, city manager, then recommended the appointment of John F. Johannessen to the position made vacant by Mr. Dupuy's resignation. The recommendation was approved by the council.

**Text of Resignation**  
The full text of the resignation tendered by Benjamin F. Dupuy follows: "Honorable City Council, 'City of Glendale, California, Gentlemen—

"I am handing you herewith my resignation as city engineer and street superintendent of the city of Glendale, to take effect today. "In making my pay check, please instruct the comptroller to allow me the four days remaining of the twelve days' vacation period allowed by ordinance. "In leaving the employ of the city, I wish to express my appreciation for the many courtesies that I have received from your honorable body, and to assure you that should you wish to call on me for any information regarding the plans or the proposed distribution of the assessment for the cost of work now under way, I will gladly assist in any way I can."

**New City Official**  
John F. Johannessen has been employed in the Glendale city engineering department since January, 1921, in charge of sewer work and lives with his wife and two children, Paul and Margaret, at 1129 East Harvard street. For ten years previous he was employed by the United States government as a civil engineer, and during the war served in the ordnance department.

**Bond Committee to Meet Friday Morning**  
The meeting of the executive committee of the Citizens' Bond committee, that was called to meet at the Chamber of Commerce this morning, was postponed because of lack of a quorum, and an effort will be made to have the entire membership of the committee on hand tomorrow, Friday, morning at 9 o'clock.

In the meantime, O. M. Newby, the secretary, will endeavor to secure an office to be used as headquarters, and a list of possible contributors to the budget will also be compiled so that funds to carry on the campaign in connection with the bonds to be voted on at the September 30 election may be secured in sufficient measure to permit the matter to be presented to the voters before that date.

**LANDS U. S. MARINES**  
WASHINGTON, Sept. 11.—After landing 100 marines at Ceiba, Honduras, the United States battleship Rochester has proceeded toward Tela, where American lives and property are reported to be endangered by revolutionary activities, according to a despatch to the state department today.

**TWO UNDER ARREST**  
LOS ANGELES, Sept. 11.—Charged with illegally transporting deer meat and fish, E. E. Everard and G. A. Everard were arrested here today after an outing near Mojave.

### Freshmen Receive Strict Warning at Southern Branch

LOS ANGELES, Sept. 11.—Glaring placards posted about the campus by sophomores of the University of California herald the fact that freshmen enter the Southern branch at their own risk and will be meted out the life of a dog if they are not very obedient and reverent boys. The edict points only to the straight and narrow path, and those who fail to pay due heed to orders and display utmost respect to sophs and upper-class men will be forced to perform unique, but embarrassing stunts.

### Late Sports

**45 Homers for Ruth**  
BOSTON, Sept. 11.—Babe Ruth hammered out his forty-fifth homer of the season in the eighth inning of the first game with the Red Sox today. Elmhake was pitching.

**Tilden Easily Winner**  
PHILADELPHIA, Sept. 11.—The United States got away to a fine start in its fight to retain the Davis cup here this afternoon when Bill Tilden of Philadelphia captured the first singles match from Gerald Patterson of Australia in straight sets, 6-4, 6-2, 6-2. The match lasted only forty minutes and the American champion wore his sweater throughout.

**Firpo, Wills Weigh In**  
WEST HOBOKEN, N. J., Sept. 11.—Luis Angel Firpo and Harry Wills, who fight at Doyle's Thirty Acres in Jersey City tonight, weighed in at Joe Jeanette's gymnasium here this afternoon before Caesar Walter, boxing inspector of Hudson county. Firpo weighed 224½ pounds and Wills tipped the scales at 217. Firpo, twenty-five minutes late arriving, looked sombre. Wills appeared nervous, but looked in great shape.

**Few Early at Fight**  
JERSEY CITY, Sept. 11.—Only a few hundred of fistic fans were on hand waiting to enter the stadium where Luis Firpo and Harry Wills will battle tonight, when the gates were thrown open shortly after 5 o'clock. These few hundreds were headed for the \$2 and \$3 seats. By 5:30 o'clock about 1000 had passed through the gates. The weather was ideal.

**HUNT FOR BURGLARS**  
LOS ANGELES, Sept. 11.—Search was being made here today for three daring burglars who posed as prohibition agents, entering the home of Mrs. M. J. Kohner and escaping with cash and jewelry totaling \$3500. Mrs. Kohner told the police the man ransacked her home after gaining entrance.

**FOX FOILS WALES**  
SYOSSET, L. I., Sept. 11.—H. R. H. went on his first fox hunt today, but failed to get the fox. Last night he danced, as usual, at the home of Mrs. W. K. Vanderbilt, II, leaving the party shortly after 2 o'clock, presumably to get to bed early for today's hunt.

**FORM NEUTRAL ZONE**  
WASHINGTON, Sept. 11.—A neutral zone in the Whangpoo and Yangtze rivers of China to protect foreign shipping interests in the vicinity of Shanghai, has been created by the Chinese authorities, the state department was advised today by the consul-general in Shanghai.

**BASEBALL RESULTS**

### NAVY CHIEF TELLS OIL PROJECT

Secretary Wilbur Reveals U. S. Plans to Obtain Reserve Supply

LOS ANGELES, Sept. 11.—Development of the country's shale oil resources as a reserve fuel supply for the United States navy is planned, it was revealed here today by Secretary of the Navy Curtis D. Wilbur, on his arrival in Los Angeles for a week's visit.

Secretary Wilbur declared one of the chief objects of his visit here today was to determine new methods for supplying America's fighting ships with a plentiful fuel reserve in case of war and he said development of shale oil resources was to be fully investigated.

Declaring his extreme pleasure to be back in Los Angeles after almost a year's absence, the secretary told of his plans for a close inspection of the naval bases at Los Angeles and San Diego harbors, and of his intention to work for the prospective cruise of the entire United States fleet to Australia next summer.

### ASSOCIATION TO DISCUSS BONDS

Thorough Understanding of Various Issues Vital, Members Declare

The various bond issues to be submitted to the voters of Glendale at the special election on September 30 will form the principal subject at next week's meeting of the Glendale Advancement Association, it was decided at today's luncheon in the Harriett Mae tea room, following a statement by J. F. Chandler to the effect that a lack of understanding of those projects that are considered worthy of support may result in the defeat of all the issues.

President C. W. Ingledue presided at the meeting.

A motion was passed recommending that the city investigate the possibility of securing the former site of the old Verdugo park as one of the parks to be added to the city.

(Turn to page 11, col. 5)

### Gift of Gold for World Flyers, Plan Of L.A. Committee

LOS ANGELES, Sept. 11.—Plans for the home coming of the United States army aviators who left Clover field here last March to encircle the globe were launched today. A two-day program of functions to honor the flyers will be arranged, it was announced. Each of the airmen may find himself several thousand dollars richer, as a result of plans to raise a huge fund for the round-the-world flyers. Already a number of contributions have been made and each of the airmen will be presented with a purse on arrival at Clover field.

### MANCHURIAN LEADER IN ADVANCE

War Lord Plans Attack on Chihli, Also Ultimate Capture of Peking

BULLETIN  
SHANGHAI, Sept. 11.—Sun Chuan Fang, military head of the province of Fukien, today declared war on Chekiang and is expected to attempt an invasion from the south.

PEKING, Sept. 11.—According to reports received by the military attaché of the United States embassy, Marshal Chang Tso-Lin, Manchurian war lord, began the movement of his advance guard southward today toward the Manchurian border for an invasion of Chihli and the ultimate capture of Peking. The report said the main body of troops would follow tomorrow.

**Rains Hamper Attack**  
The Peking government issued a formal statement declaring none of its troops were concentrated along the Manchurian border.

Heavy rains are hampering the warfare between Chekiang and Kiangsu provinces in the Shanghai district, according to reports received here.

General Lu Yung Hsian, governor of Chekiang, today visited his front line at Liuhue, according to advices from the battle front.

**WIFE LOVES ANOTHER**  
LOS ANGELES, Sept. 11.—Declaring his wife loves another, Laurence Gray brought suit here for alienation of affections against Bert Stevenson. Gray asks \$10,000 damages.

(Turn to page 11, col. 3)

### LATEST NEWS

#### FOREST FIRE AGAIN OUT OF CONTROL

LOS ANGELES, Sept. 11.—The fire that has been sweeping the Angeles forest on the west fork of the San Gabriel river has jumped beyond control of the 400 men who have been battling the flames and who are now desperately building a new line of defense opposite Chelino canyon to stem its advance. More than 1000 men have been fighting the fire along a 15-mile front in an attempt to save the Monrovia watershed from destruction in the vicinity of Fish and Roberts canyons.

#### SUICIDE ENDS LIFE OF AGED MAN

LOS ANGELES, Sept. 11.—Depressed because of ill health, Reinhold Krauss, 74, committed suicide here today by sending a bullet through his brain.

#### DEATH SUMMONS FAMOUS ARCHITECT

SAN FRANCISCO, Sept. 11.—Willis Polk, 59, nationally famous architect, builder and club man of this city, is dead here today. The end came as a result of a heart attack at the Adler sanitarium, where Polk had gone suffering from a nervous breakdown. Polk was noted as the designer of the Union station, Washington, D. C., the San Francisco Ferry building, known to travelers the world over, and of scores of other buildings in this city.

### FOUR OFFERS RECEIVED BY CITY

Glendale Securities Bring Premium; Municipal Camp Project Is 'Dead'

The Glendale City Council this morning accepted the bid of the Bank of Italy for purchase of the first unit of \$652,000 of the \$1,600,000 sewer bonds authorized at the special municipal election of January 8, 1924.

The successful bid offered par value, plus accrued interest to date of delivery, plus a premium of \$27,118. Four other bids were received, each offering par value, accrued interest to date of delivery, and the following premiums: R. H. Moulton Co., Los Angeles ..... \$26,073  
Anglo-London-Paris Co., Los Angeles ..... 22,918  
Citizens National Co., Los Angeles ..... 19,502  
Bond Dept., Inc., National City Bank, Los Angeles 14,201

Each bid was accompanied by a certified check for \$10,000, as an evidence of good faith. The checks of the unsuccessful bidders will be returned, according to Virgil B. Stone, city manager, and the check of the Bank of Italy will be held until the transaction is completed.

#### Once Successful Bidder

The Anglo-London-Paris company, which entered the third highest bid in the present bidding, was successful bidder when the sewer bonds were previously offered for sale. This company is a syndicate which includes the First Securities company of Los Angeles, whose ownership is identical with that of the Pacific-Southwest Trust & Savings bank of Los Angeles, represented in Glendale by two branches.

When the sewer bonds were previously sold by the City Council, before they were pronounced invalid, the Anglo-London-Paris company were the successful bidders, their offer being par, plus accrued interest to date of delivery, plus a premium of \$9,128, which is \$17,990 less than the premium of \$27,118 offered today by the Bank of Italy and accepted by the council.

This constitutes a direct saving to the city of \$17,990, which city officials feel largely compensates for the loss of time involved in getting the sewer under way.

It was voted by the council to instruct the city attorney to prepare an ordinance changing the names of Sierra avenue, Ethel street, Gilbert street and Fourth street to Glenoaks boulevard.

#### Municipal Camp Ground

L. H. Wilson and H. M. Butts of the Chamber of Commerce appeared before the council with a request for a municipal camp ground. Councilman S. A. Davis said "there is no place to put it and no money to put it with."

(Turn to page 11, col. 3)

### Millionaire Accused Of Cruelty by Wife

LOS ANGELES, Sept. 11.—In a supplemental complaint filed today, Georgia W. Church, now residing in Oakland, asks for a property settlement from her reputed millionaire husband, of the Northway Securities Co., in which he is interested here, and \$35,000 attorney's fees in addition to \$3,000 costs of the action. The couple were married in Wisconsin, February 28, 1899, and separated September 1, 1923. They have one son, Ralph, who has been attending the University of California.

Mrs. Church alleges extreme cruelty and expresses fears that she will be an invalid for the rest of her life. The suit also names two co-respondents, Esther Bonney of Chicago, whom, it is alleged, accompanied Church to Yosemite valley, and Gladys McDougall of Los Angeles. The wife alleges that Church sent her to Oakland last August to live with the son.

### Japan Women to Get Suffrage Soon, Says Visiting Peer

LOS ANGELES, Sept. 11.—Following in the footsteps of America, Japan will have woman suffrage within the near future. That is the opinion of T. Kawamura of Tokio, member of the House of Peers of Japan, who is a guest of the Biltmore hotel. "With equal suffrage," said the Japanese statesman, "we will thank America for this new step forward. We constantly learn from America. Our airplanes, railroads and certain forms of government are taken from this country."

### HEAVY GUARD OVER LOEB, LEOPOLD

Rifle Squads Before Jail Pending Removal of Sentenced Slayers

CHICAGO, Sept. 11.—Picked rifle squads this morning patrolled the block around the criminal courthouse and county jail here while preparations were being made to transport Nathan F. Leopold, Jr., and Richard A. Loeb to Joliet on what may be the last open-air journey of their lives.

All through the night, following pronouncement of the verdicts for the kidnapping and slaying of little Robert Franks, while the two young collegians slept soundly within the armed guards marched monotonously back and forth in front of the structure.

#### To Prison by Auto

As dawn came, the tenseness which had prevailed by night lessened, but jail officials were eager to get the young slayers started for Joliet.

When they leave, however, the redoubled guard both inside and outside the building will be maintained. The start will be made, it is expected, some time today.

The trip will be made by automobile. In the car with the boys will be a picked squad of deputies armed with rifles and sawed-off shotguns.

### ROTARIANS HEAR REPORT ON MEET

Secretary Olin Tells Club About Conference of District Officials

Rotarians at their luncheon in the Tuesday afternoon clubhouse this noon heard Secretary Rene Olin report on the Santa Cruz conference of district officials last week. Rev. E. E. Ford also told of his trip to the Canadian border, and remarked that the Glendale club was as good as the best he visited.

#### To Invite Rotary-Anns

Roy L. Kent suggested that next week would be a good time to invite the Rotary-Anns, as District Governor Harry Mason of Los Angeles would be present with his message on the work for the coming year.

#### Victims at Today's Meeting

Visitors at today's meeting came from Los Angeles and Burbank, the former contingent following: Robert F. Purvis, Will Forker, Tom Dille, Sam Hall, Sim Baldwin, W. W. Knighten, N. W. Deverleux, H. B. Potter, George Sellers, Art Lynch and Carl J. Gordon.

Burbank was represented by Lyn Monroe, Bert A. Cross, J. Crawford, A. E. Dufur, A. J. Rose and Leonard F. Collins.

### SPEED TRAPS DECLARED ILLEGAL

Court Decision Results In Change In Methods by Local Department

Chief John D. Fraser of the Glendale police department has issued instructions to his motorcycle squad that henceforth they may make arrests only when patrolling the highway on which the "speeder" is traveling, and when in plain view of said speeder.

This order is the result of a far-reaching opinion handed down yesterday by Justice Louis R. Works of the second district court of appeals, in the case of Victor Fleming, who was arrested in Orange county on a speeding charge.

In his opinion Judge Works ruled out "speed traps" and declared that testimony of a traffic officer is void unless the officers were a distinctive uniform and patrolled the highway on which the arrest was made, in plain sight of persons traveling thereon.

"We have been waiting a year for such a decision as Judge Works has handed down," declared Judge Frank H. Lowe of the Glendale police court this morning. "We now know what to do and defer to the decision as wise and just, under the existing law."

### Orange County Prepares To Fight Court Decision

SANTA ANA, Sept. 11.—Orange county, aroused over the action of the second district court of appeal in ruling to the effect that "speed trap" evidence can not be used for the conviction of automobile speeders, decided today to appeal to the supreme court against the decision.

The district attorney's office, it was announced, will ask the supreme court to review the decision of Justice Louis R. Works, handed down yesterday, reversing the judgment of the Orange county superior court, which convicted Victor Fleming on "speed trap" evidence that he had driven his automobile in excess of the speed limit in Orange county.

### Glendale Fire Unit Praised by Officials

Glendale was highly praised this morning when Glendale men, who have been helping combat forest fires in the mountains north of Monrovia, were thanked by forestry officers and officials of the city of Monrovia.

The Glendale delegation arrived home at 11:30 o'clock, after helping build a twenty-eight-foot fire break on Monrovia peak at an elevation of 5000 feet. They state the fire is still burning but that it is in charge of fighting, are hoping with favorable wind they may get it under control.

According to the Glendale men they were well treated and fed well and none of them were injured. They were heartily thanked for their work and the city of Glendale was praised for sending aid to the neighboring city.

#### Chief P. J. Hayselden is Justly Proud of the Work Done by the Glendale Fighters.

### MEET GEN. PERSHING

WASHINGTON, Sept. 11.—The army round the world flyers, resting in Washington before setting out for the Pacific coast, were presented to General Pershing at the war department today. The presentation was made in a formal military manner by Major General Mason M. Patrick, chief of the air service.

### VICTIM OF BRAWL

LOS ANGELES, Sept. 11.—After he had engaged in what police called a "cave brawl," John Howard, husband of Ora Carew, stage and screen star and son of a millionaire manufacturer of Haverhill, Mass. was treated at a hospital here today for bruises, and later arrested and taken to a police station on charges of intoxication.

A big fire and no loss brings happiness to many hearts. Do not be one of the few who take a chance. No one has ever beaten the game entirely—they can't escape worry.

## NEW DEVICE ENDS MOTOR VIBRATION

B. W. Sloan, Inc., Show Late  
Model Willys-Knight With  
Balancer Attached

The delivery of a Willys-Knight car to the B. W. Sloan, Inc., agency at 905 South Brand boulevard, representatives of the Willys-Overland company, brings to Glendale motorists an opportunity to study what is declared to be one of the most revolutionary attachments ever put on an automobile, the Lanchester balancer, a new British invention that promises to become standard on all cars in the near future.

## Glendale Fire Unit Furthers Organization

Chief P. J. Hayselden of the Glendale unit, Angeles Forest Protective association, met with a group of his men, last night, at the city hall, to discuss further perfecting the organization, in view of the increasing drought and the constant menace of hill fires.

Chief Hayselden reported that the fifteen men from the Glendale unit who have been on the firing line at the Fish canyon fire near Monrovia have been doing excellent work and will be home today. They are in charge of Jo Bennett, James Kurtz and A. P. Hart, crew leaders.

The manoeuvres up Mount Wilson, scheduled to have taken place Sunday, September 14, and in which the Glendale unit was to have participated, have been postponed until further notice, Chief Hayselden reported, owing to the necessity of all available units remaining on duty at the Fish canyon fire.

## EAGLE ROCK GIRL MARRIED IN CHINA

Fear Felt for Bridal Couple  
In War-Torn Country;  
Groom From Alaska

EAGLE ROCK, Sept. 11.—News of the marriage in far-off China of Miss Mary Elizabeth Smith, daughter of Rev. and Mrs. E. Sinclair Smith of 5126 Ellenwood drive, will be a great surprise to many local people who know the bride. She married Rowland Harrison Martin of Juneau, Alaska, and the couple are now residing at 17 Rue le Paris, Tien Tsin. They were married in Peking. Fear is felt for them by their relatives and friends, in view of the civil war that now threatens all of China.

Mrs. Martin opened the first permanent school for American colonists at Tien Tsin and conducted the school successfully for three years. Her sister, Miss Helen Kingsley Smith, has joined her in the Chinese city and will carry on the work of the school.

Mrs. Martin is a graduate of the Massachusetts Institute of Technology, and followed her to China, their romance having begun before she decided to answer the call to service in the foreign country. He is now engaged in engineering work at Tien Tsin.

Among the many buildings now being erected in Eagle Rock is a beautiful two-story stucco dwelling on Live Oak drive, near Las Flores drive, for Charles M. Wheeler, well-known baker of Eagle Rock avenue and Ridge View avenue, A. G. Dentmas, local architect, being the designer.

Miss Amber Young and her mother, Mrs. Charles Young of Rock Glen avenue, are spending a few days at their summer home at Hermosa Beach.

Mrs. Matilda Genn and Arthur Genn of North Royal drive spent the last week-end with Mrs. Genn's sister, Mrs. Laura Eddy, at Hermosa Beach.

Mr. and Mrs. J. Hartley Taylor and family have returned from San Diego, where they spent the last week attending to business matters in connection with Mr. Taylor's ranch, which is located near the Mexican border.

## Food In Late Summer Offers Best Variety

By BARBARA BROOKS  
Kellogg Co., Battle Creek, Mich.  
Late summer brings more interesting foods than any other time of year. There is fresh fruit in abundance—several kinds of berries, peaches, pears, melons and apples. The choice of vegetables is almost unlimited—green corn, cauliflower, beets, spinach, celery, tomatoes and egg plant. Nature seems to audibly urge people to eat these foods as she offers them in their lovely colors.

The early apples are always a treat. Green apple sauce and green apple pie have a flavor all their own. Apples may be served for breakfast either baked or as sauce. If you eat fruit as a regulating food and do not want to sacrifice its flavor add crumbled bran to each serving of apples. Fruit stimulates the appetite and is especially valuable in the diet because of its minerals.

Ripe peaches are delicious for breakfast. Peel, slice and sugar them and combine them with corn flakes. Fresh peach butter is good with toast or muffins. This is easily made by cooking together the sliced peaches and an equal amount of sugar on top of the stove, stirring until the mixture is smooth. Transfer it to the oven and bake slowly until the peach butter is of the desired consistency.

## TUJUNGA NOTES

TUJUNGA, Sept. 11.—Arthur C. Stover, proprietor of the Tujunga soda store, has ordered a new soda fountain, which is expected to arrive soon. It is one of the new iceless type and is practically twice the size and capacity of the present fountain.

Dr. Frost has just returned from a trip to Europe. Walter Jones of Los Angeles was in Tujunga Wednesday bidding goodbye to friends. He will leave Sunday for his old home in Newark, N. J., and while in the East will attend some of the world series baseball games.

Mr. and Mrs. W. J. Buckley have returned from an extended trip through Alaska, and relate many interesting incidents of their trip.

Enrollment at the two schools now being conducted in Tujunga totaled nearly 400 the first week of the term. Over twenty-five enrolled at the new lower grade school at Palm avenue in the west end of Tujunga. Next week the school will serve milk to the children at 5 cents per bottle.

John Steven McGroarty was the principal speaker at a meeting of the Burbank Improvement association last week.

The Tujunga Valley Realty board is receiving considerable favorable publicity on its stand in regard to the new numbers. Applicants for membership must enroll for a course of study in real estate law and practice and subscribe to the code of ethics of the national association.

Mrs. Arthur D. Ropes, Massachusetts president of the W. C. T. U. and a well-known lecturer, was recently entertained by Mr. and Mrs. S. H. Adams at their Tujunga home.

Various improvements are being made in the Tujunga Ice company plant, including a new ice machine that will practically double the output.

Miss Hazel Saidla of Owens-junga and departed for New Mexico, where she is a teacher in a government school.

S. T. Barlow, Los Angeles realtor, spent the week-end in Tujunga.

Miss Lillian Brandon of Glendale has been a Tujunga visitor for the past month.

Officers have been elected for the Ladies' Aid society for the coming year. They are: Mrs. J. A. Jenkins, president; Mrs. J. Bixby, vice-president; Mrs. Mary Smith, secretary; Mrs. Carrie White, treasurer.

Communion and reception to members of the Tujunga Community church will be held October 5, at 11 a. m.

The annual business meeting of the Community church will be held October 1. Reports of all church organizations will be read and officers elected for the coming year. A dinner will be served by the ladies at 6:30.

Rehearsal of the Choral society will be held Friday night at 8 o'clock. A sacred program will be given on the last Sunday of September and a popular program later, according to the announcement.

Rev. Stotts will preach on the subject, "The Day of Atonement," at morning services next Sunday. The Christian Endeavor society will have charge of the evening service.

A party will be given Saturday night at the Farr home, 121 South Sunset boulevard, by the Christian Endeavor society. It will be a farewell party to the members who are soon to return to college.

The Sunday school board of the Community church met Tuesday night in business session.

Reports of the year's work of the W. C. T. U. were given at a meeting held Tuesday afternoon at the church. The reports will be sent to the state convention.

The Sagebrushers' Art club has been invited to give an exhibit of paintings at Sunland on September 28, according to an announcement made by Laura Lee Sweet. The Monte Vista Women's club issued the invitation. Mrs. Sweet will give a talk on the psychology

## MILK MAN'S ONLY WORRY IS YOUTH

Increased Birth Rate Means  
Higher Production In  
Dairies Needed

By J. C. ROYLE  
Special Correspondent of the Glendale Evening News, copyright, 1924

NEW YORK, Sept. 11.—The only real worry in the minds of the dairymen of the country today is the birth rate. And none of them are exhibiting any new wrinkles over that. The reason of their freedom from worry is that they have finally grasped the truth that high and low costs of production are equally as important as the high or low prices paid for their products.

There is going to be plenty of milk. At the same time prices for dairy products can be expected to continue on a profitable basis for some years to come, provided expansion of the industry does not proceed more rapidly than the growth of population. Gains in production, according to a survey by the Blue Valley Creamery institute, probably will not be so extensive as in the period since 1920. But higher cost of forage may cut the margin of profits in the next year.

In the low cost of feed and efforts to diversify agriculture in the grain-producing states resulted in a heavy increase in the last three years. In 1923 gross milk production in this country showed an increase of 21 per cent over that of 1920 and the per capita production, allowing for increase in population, was 15 per cent higher. Last year the milk produced was sufficient to furnish 52 gallons of milk, 17 pounds of butter, 3.9 pounds of cheese, 13.25 pounds of condensed and evaporated milk and 2.66 gallons of ice cream for every individual inhabitant.

The 1924 production, unless all predictions go awry, will be even larger. Even so, the dairy products turned out will not be quite sufficient for the American consumers. Last year America imported milk products. Next year this condition may be replaced by an export balance. A survey by the Department of Agriculture shows that in the middle of this year there were 24.5 per cent as many one and two-year-old heifers on dairy farms in this country as there were dairy cows in milk. This is more than a replacement percentage and as these heifers come into production, they will tend to increase milk production.

## Judge Lowe Concurrs In Rule 314 Years Old

John Barleycorn, groggy with the legal uppers and solar plexus wallops of the last few years, was revived at the count of nine in San Francisco recently, when the shades of old carpenters of sixteenth century London came to his rescue and carried him quaking to his corner.

The respite came when Judge Frank H. Kerrigan of the federal district bench ruled that prohibition agents who legally enter a place, find liquor, destroy part of it and retain only samples as evidence, are trespassers. The judge based his decision on an opinion handed down 314 years ago, by Lord Coke in England, which held that officers searching premises for contraband must remove ALL the evidence seized.

The decision of Judge Kerrigan is upheld by Judge Frank H. Lowe of the Glendale police court, who declares that a search warrant before the evidence brought before the magistrate, who alone has authority to order it destroyed.

of art, Mrs. Nellie Horne will talk on portrait painting and Mrs. Buttery will sing.

## Art Chief

CHARLES H. GREEN has been named director of the architectural and allied arts exposition that is to be held in New York in April, 1925.

## Rev. Philip K. Kemp At Home From Texas

Rev. and Mrs. Philip K. Kemp of 419 East Harvard street arrived home this morning from a visit in San Antonio, Texas, with Mrs. Kemp's parents, Mr. and Mrs. F. W. Church; and with Mr. Kemp's parents in New York. Prof. and Mrs. James F. Kemp. They had most enjoyable visits and en route home stopped at the Grand Canyon.

Only 11.6 people out of every 1000 died in the United States last year.

**TO ILLINOIS PEOPLE**  
The same Wakefield's Blackberry Balsam that you and your family have used for nearly 80 years for Diarrhoea, Cholera Morbus, Cholera Infantum, etc., can be bought in every drug store in California. It is without an equal for quickly checking all loose bowel troubles.—Advertisement.

## KIWANIANS PLANS BIG WITCH PARTY

Committees Arrange for  
Hallowe'en Program on  
Night of Oct. 31

Witches and hobgoblins of Halloween have already begun to haunt Glendale Kiwanis club meetings, getting acquainted with plans for the big field program and fireworks display local Kiwanians are to stage the night of Friday, October 31, on the Harvard High school grounds.

A similar affair was sponsored by the Kiwanis club last year and enjoyed by 2280 children. This year a bigger event is being planned and it is predicted that 4000 youngsters will be guests.

Various Committees  
William G. Bode is general chairman, and last night he called his committee members into session at the Glendale Phonograph Co. store at 109 North Brand boulevard.

Ray L. Galvin and D. H. Packer are in charge of the field program and fireworks; Normal C. Hayhurst, Emil Keifer, Col. J. D. Fraser, the big parade; H. MacBain, E. P. Hayhurst, the "feed"; H. S. Kuhn, elaborate lighting of the parade and school grounds; D. H. Webb, the monster bonfire; Frank Echols, Fred Deal, R. L. Bentley, prizes; Merle Davis, W. L. Taylor, general publicity.

In Fancy Costumes  
A jolly carnival spirit will reign. The children are to come in fancy and grotesque costumes. Prizes are to be awarded for clever costumes and unique floats in the parade.

The parade will form at California avenue and Brand boulevard and move south on Brand boulevard and east on Colorado street to the high school grounds, passing in review before the judges' stand, where prizes will be awarded. Later there will be a big "feed," followed by a bonfire and fireworks display.

## From Front Door to Back

**E**VEN as you ring the door bell, you know your visit in this home is to be a happy one. The door is opened, you cross the threshold—gleaming woodwork and cheerful surroundings bid you welcome. You have entered the realm of HUETER's Varnishes, which extends from front door to back!

Defying rain or blistering sun, the front door, protected by HUETER Varnish, guards the home from the encroachments of the outside world. Within, the treasured furniture, the woodwork, the polished floors and the colorful linoleum are kept beautiful from year to year with these dependable varnishes.

You, too, may have the joys of a "varnish-bright" home. The cost is small—the return is great. Tell us your problem and we will gladly explain to you which of the many HUETER Varnishes will best fulfill your need.

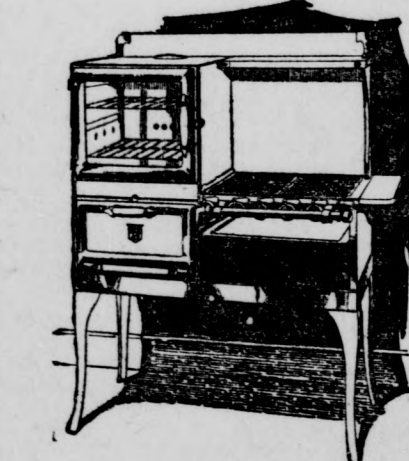

Daily, unknown to you, HUETER's Varnishes are already ministering to your comfort and enjoyment. Many steamships and electric and steam railway coaches in which you travel are finished with these varnishes. Your automobile comes back shining from the shop because of HUETER's Varnish. Your piano and your coast-made furniture owe their lustre to its use. Hospitals, municipal and state institutions, as well as many homes you enter, are kept bright and sanitary by the use of these varnishes.

## GLENDALE TO HOLD BIG PARADE ON DEFENSE DAY

### TRAFFIC JAM SHOWN BY FIGURES

Congestion on Highways Is Revealed by Check Of Commission

By GIL A. COWAN  
 For Southland News Service.  
 LOS ANGELES, Sept. 11.—One of the big questions confronting the motorist in Southern California today is how to avoid traffic jams. On week days and week-ends the driver hopes to escape meeting the maximum of cars because of the expense and delay entailed. Those experienced in Los Angeles know that the downtown business district is almost impossible to negotiate with all of its traffic controls; that the principal boulevards are carrying more cars than they can conveniently accommodate, but out in the country there doesn't seem to be so much information available as to where the heaviest travel comes.

**Traffic Figures**  
 The State Highway commission makes a bi-monthly check-up, and from Commissioner N. T. Edwards in his Los Angeles office in the Pacific Finance building the following figures were obtained on August 17 and 18 which show that the heaviest traffic in the southland on Sunday is as follows:

Santa Monica canyon, 20,874; Universal City junction west of Hollywood, 18,884; Whittier boulevard at Stephenson avenue, 17,433; north of Anaheim, 15,709; north of Santa Ana at the junction of Main and Chapman streets, 15,142.

**Week-Day Volume**  
 The heaviest week-day traffic is as follows: Whittier boulevard, 15,046; Universal City junction,

(Turn to page 9, col. 2)

### Realty Men Know It Pays to Read Evening News Ads

Realty brokers are scanning the advertising columns of The Glendale Evening News every day, on the lookout for more business, according to L. A. Hart, of the Hart Realty Co. at 205 West Broadway. In yesterday's issue of The Glendale Evening News Mr. Hart advertised a bungalow for sale, and as soon as the paper was on the streets, O. E. Von Owen, another realty broker, who has offices in the same building as the Hart Realty company, went out and sold the house the latter firm was advertising.

### MISS DUTTON IS CHARMING BRIDE

Becomes Wife of Walter Hibbert Last Night In Bower of Flowers

In a bridal gown of soft white georgette and lace and carrying a shower bouquet of bride's roses, Miss Dorothy Dutton, attractive and talented daughter of Mr. and Mrs. W. W. Dutton of 1503 South Glendale avenue, native Glendale girl, last night, Wednesday, September 10, 1924, became the wife of Walter Hibbert, son of Mr. and Mrs. J. W. Hibbert of 1921 Vassar street, Glendale, at the Dutton home, witnessed by sixty relatives and close friends.

A profusion of yellow and white flowers and greenery were used in profusion in decorating the rooms of the Dutton home for the occasion. A bank of greenery intermingled with which were yellow flowers formed an artistic

### HONORED FOR SERVICE IN DISTRICT

Local Club Women Receive Recognition for Their Interest In Work

Ever since the election of Mrs. Charles H. Toll to the presidency of the Los Angeles District, California Federation of Women's clubs, Glendale club women have been keenly interested in district and national affairs.

This interest found expression during the past year in the district convention held in the Tuesday Afternoon clubhouse. During the coming year these Glendale club women who proved themselves such gracious hostesses, are to be represented in district affairs by women chosen from among their numbers for service in the various departments of district work.

Of course, Mrs. Toll, who has won state and national recognition for her leadership and executive ability, heads the group of Glendale women engaged in district work.

**Receives Much Praise**  
 Then there is Mrs. Harry S. McCormack of 624 North Brand boulevard, whom the Tuesday Afternoon club is proud to claim a member. During the past year Mrs. McCormack was highly praised as corresponding secretary of the district, and for her splendid direction of the public welfare exhibit during the biennial convention in Los Angeles. She continues in the secretarial capacity.

Other familiar Glendale names appearing in the district year book, an attractive volume just issued, are: Mrs. A. L. Ferguson, past president of the Glendale College Women's club and a member of the Tuesday Afternoon club, a member of the district educational committee; Mrs. Estelle D. Dyke, chairman of the district

### BURBANK IS MECCA FOR THROGS

Industrial Exposition Draws Thousands to Displays On Hollywood Day

The record attendance of "Glendale day" at the San Fernando Valley Industrial exposition, when 5000 people surged into the building of the American Aluminum Products Co., at San Fernando boulevard and Turkey crossroads, was nearly equalled on "Hollywood day" when last night thousands of men, women and children from all over the valley poured into the big building where 100 exhibits are on display.

Prominent among the exhibitors were the seven Glendale booths, most conspicuous of which was that of the Glendale Chamber of Commerce, close to the main entrance. Here the numerous silver trophies won by that municipality as "the fastest growing city in America" were attractively displayed. The booth was arranged by G. J. Lyons and L. H. Wilson, a sub-committee of the Chamber of Commerce advertising committee, with the cooperation of Howard I. Wood, secretary of the chamber.

**Glendale Displays**  
 The following Glendale firms have booths at the exposition: Glendale Motor Car Co., 124 West Colorado boulevard, Chrysler and Maxwell dealers; Packer Auto Co., 245 South Brand boulevard, Studebaker dealers; R. E. Corrigan, 116 West Colorado boulevard, Dodge dealer; C. H. Hunter, 208 West Broadway, Oldsmobile dealer; McDaniel Motor Co., 1234 South Brand boulevard, Nash dealers; and the Concrete Brick & Tile Co., 440 South San Fernando road, R. E. Johnston, president, "wet mix" concrete blocks.

Among the many attractive Burbank exhibits, two of the most impressive are generally conceded to be those of the Andrew Jergens Co., of California, soap manufacturers, Verdugo avenue; and the Moreland Motor Truck Co., San Fernando boulevard. The latter has on exhibit one of the giant busses of the type being manufactured for the city of Los Angeles. The Burbank Chemical Co., of which Gustav Rasmus, formerly of Glendale, is president, is represented by a booth exhibiting Mr. Rasmus' latest scientific preparation, "Sul-Kur." The outstanding exhibit of all is the \$50,000 organ of the Robert Morton Organ Co., of Van Nuys, on which recitals are given every afternoon.

The feature of last night's program was a concert by the Burbank Municipal band.

**Queen's Costume**  
 Mrs. Laura Kendig, queen of the exposition, was present last night with her ladies in waiting, the Misses Caroline Mussano and Helena Chrisman, and her maids of honor, the Misses Alberta Swall and Cecelia Mae Fischer.

The costume worn by "Queen Laura" was worn by Mary Pickford in her period picture, "Dorothy Vernon of Haddon Hall," a magnificent costume of royal purple velvet, trimmed with ropes of pearls, a rhinestone crown, gorgeous collar and cuffs and glittering with many jewels, truly befitting a queen.

### P-T. A. Federation In First Session of Term

Mrs. O. H. Spradling, president of the Glendale Federation, Parent-Teacher associations, presided over her first meeting this afternoon in the hall at 223 North Brand boulevard. In attendance were officers of the various associations in the city, all enthusiastic over beginning the fall activities. Richardson D. White, superintendent of Glendale schools, and R. Ernest Tucker, superintendent of recreation, were speakers.

Of special interest to those present was the report given by Mrs. Spradling of the state board meeting held yesterday in Los Angeles. Mrs. John Robert White, Jr., state chairman of child labor, was also in attendance at the board meeting.

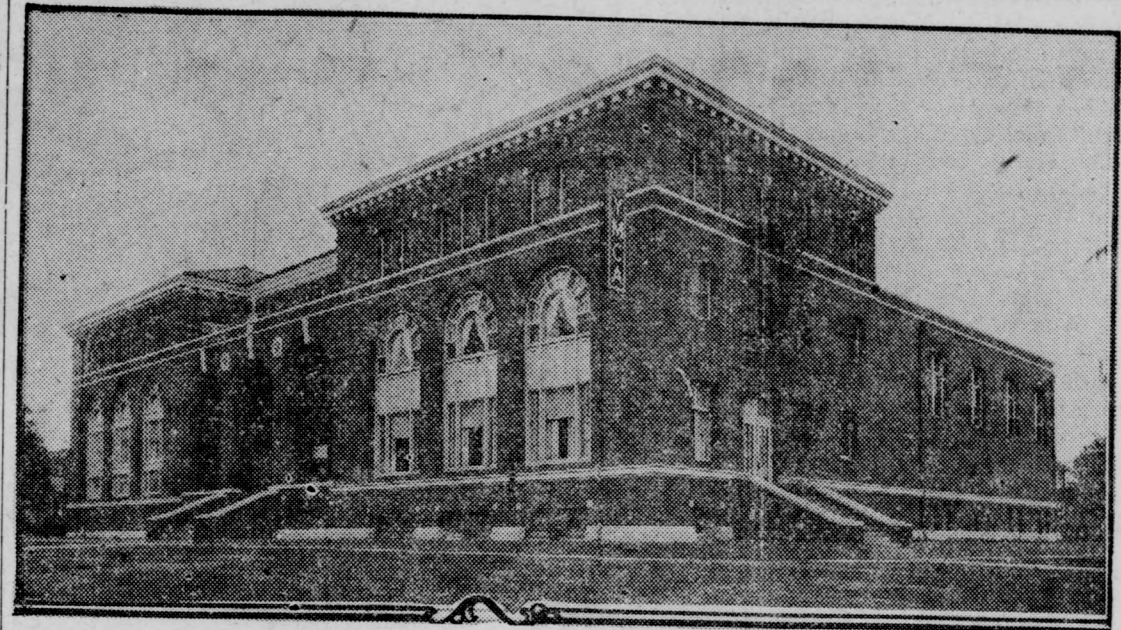

Mrs. Spradling stated that Mrs. Hugh Bradford, state president, presided. In her greeting Mrs. Bradford said that the California federation now has 90,000 members. She announced that the state convention in May, 1925, will be held at Camp Curry in Yosemite valley.

### Humane Society Will Hold Meeting Tonight

A call has been issued to members of the Glendale Humane society to meet tonight in the city hall on East Broadway. Edwin Kulp, president, will preside, and matters of importance to the organization will be acted upon.

### Fine 'Y' Building At Pomona

The Pomona Y. M. C. A. building is a veritable beehive of activity and the center of community movements and betterment. The building was opened in April, 1922, and represents an investment of \$254,000. The members of the Trinity Methodist church made a unit gift of \$25,000 toward the fund. Crookshank & Somers subscribed \$50,000. Promoters of the effort to raise \$275,000 to give Glendale a modern "Y" building point to Pomona with 18,000 population as an indication that the full amount will be obtained here.

### Division and Team Leaders Hold Big Meeting To Hear Reports; Chairman McDill Makes Statement On Expenses Of Drive

A rousing meeting of division and team leaders in the Y. M. C. A. campaign was held last night at the Alley Inn, with forty-two present. The purpose of the meeting was to report on the recruiting of workers for the twenty teams. Each team will consist of ten men and on a total expectancy of two hundred there were actually reported the names of 196 of Glendale's best business men who have signed for service in the seven-day effort beginning next Tuesday to raise a fund of \$275,000 to build in Glendale an adequate home and headquarters for the work of the Young Men's Christian Association.

General Chairman George D. McDill presided at last night's dinner and voiced his keen appreciation of the ready response of prominent civic and business leaders to assist with their time and active effort in the promotion of the Y. M. C. A. enterprise. He

### MORAL CODE FOR SCHOOLS

The fallacy of training children mentally and not morally is everywhere becoming alarmingly apparent. The public schools are saying, "This child has a mind but no soul," and the child builds upon this premise. Religious training has been barred from the public schools because of the incompatibility of various creeds and beliefs. Because religious people cannot agree, many children in this religious nation of which we boast are deprived of any religious teaching whatever. It is all right to say that religious training is the function of the home and the church, but the fact remains that many children do not get it at home and they are not sent to Sunday school.

William G. Shepherd, in a series of articles in Good Housekeeping, pleads for the Bible in the public schools, shows how desperate is the need and begs parents to co-operate in demanding religious education in the schools. Mr. Shepherd was instrumental in placing the Bible in the schools of Kentucky and perhaps in other states as well. He describes tests made by scientists, which show that over half the children in our schools will be dishonorable if tempted. Test questions were asked and thousands of children answered as follows:

"It is NOT wrong to steal from one who secured his wealth dishonestly."

"Stupidity is more sinful than deceit."

"Cheating a railroad is not so much a sin as cheating a person."

"It is not the pupil's duty to call attention to the fact that the teacher has given him too high marks."

Children were sent to purchase an article that was supposed to cost twenty-five cents, and given a quarter to pay for the purchase. At the store the clerk would say, "We are selling this for fifteen cents today," and give the child a dime in change, or he would apparently make an error and give the child a dime. Sixty-four per cent of the children neither returned the dime to the teacher nor to the clerk. Many other tests were made along the same line with the same appalling results.

It is not right to subject children to such tests and temptations. But the tests were made, and the results are there for all to see.

Collier's Weekly has a plan which, if carried out, will help mightily in the solution of this problem, which is so vital to the country. The plan has the sanction of religious leaders of all sects. It is this: While men differ in their religious beliefs, the fundamentals of right and wrong are the same in all religions. Collier's proposes to select these fundamentals, submit them to persons of all faiths and from them evolve a moral code to be taught in every schoolroom. Readers are asked to send in suggestions for this code, bearing in mind that nothing shall be included that might offend people of other beliefs. These will then be submitted to leaders among Protestants, Catholics and Jews. What these men unanimously approve will be submitted to educators, and it will then be left to the people to carry this code into the schools.

### LIFE SENTENCE ADEQUATE?

Whether or not we approve of the death penalty for murder, we must feel that, after the sentence received by the Franks murderers, no one can ever be justly sentenced to death in this country again. There is nothing so revolting and cold blooded in all the annals of crime as the deed perpetrated by these boys, and, though they are minors in years, they are old in intelligence.

There is a growing sentiment against capital punishment, and a great sigh of relief went up when it was learned these murderers were to escape the death penalty. The Franks boy cannot be brought back, nor the wrong righted by taking two more lives. Life imprisonment is a worse fate than death, but society would feel a deal safer if they knew that life imprisonment in this case really meant life imprisonment and not parole or pardon after ten years or so, when the public has forgotten the case.

It is difficult to feel that Loeb and Leopold would have escaped the extreme penalty had they been penniless, friendless youths. And it is equally hard to believe that they will not some day be free.

### WOMEN IN POLITICS

A woman writer in the Atlantic Monthly, Mrs. George Maden Martin, accuses women of being politically immature, of using their hearts rather than their heads, of being paternalistic, and of calling on Uncle Sam to do things they should do themselves.

She reviews the results of the political activities of fourteen national women's organizations and charges that while some of the measures are good, they tend to encourage the bureaucratic system.

It is to be expected that women should make mistakes, considering their limited experience in dealing directly with political questions. Men make mistakes in politics and government in spite of their long and broad experience, and there is no reason why women should have been expected to spring forth full-fledged politicians at the passage of the suffrage amendment.

It has been conclusively demonstrated that men and women look at political issues in much the same way, differences arising from training and environment rather than from sex.

### THE DUMMY ENDANGERS THE CRAFT

Non-voters could see themselves as others see them if the cartoon by Darling in Collier's could be brought to the attention of all those who ignore the ballot.

A canoe contains a dummy figure (the fifty per cent of us who do not vote) with his oar (the ballot) lying useless in his lap. In the front end of the canoe a man (the fifty per cent of us who do vote) is using his ballot (the oar) strenuously trying to steer clear of the rocks of discontent, problems of government, third party movement, radicalism and socialism. In the center of the boat Uncle Sam is looking imploringly at the dummy, while some terrified little children are expecting the boat to be dashed to pieces on the rocks.

Could there be a truer picture of the danger in which the careless citizen places his country by his refusal or neglect to vote?

Everyone, except the small boy, is now an advocate of the back to the school movement.

A new broom sweeps clean, but a vacuum cleaner beats it.

First aid to the injured: "Stop, Look and Listen!"

### SPEAKING OF CHINESE PUZZLES

### Suicide

By DR. FRANK CRANE

A correspondent from somewhere asked me if a person is ever sane who commits suicide. She seems to have an idea that no one is guilty of this crime who has not first become mentally deranged.

Just what sanity is is hard to say. It is a relative term. It means the balance of all the powers of the mind, or rather a balance of the intellectual forces with the instincts.

The strongest instinct of a human being is, and ought to be, the instinct of life.

This we recognize in the saying that "Self-preservation is the first law of Nature."

We mean that the defense or salvation of one's life is always justifiable and any crime, even murder, is excusable when it is committed in self-defense.

Pastor Wagner says that the first creed is a belief in life.

It is evidently the intention of Nature that her creatures should live out their generation and it has to be a strong instinct in each of them to do this.

The span of life is not very great, anyhow, and

no one is justified in deliberately shortening it. Accidents and unpreventable diseases will do that for him.

No one would commit suicide if he could see around the corner.

Suicide is a collapse of hope and patience.

Patience enables us to endure the present for the sake of the future, and hope is the anticipation of a better future.

Those who have lived any considerable length of time know that anything is likely to happen, and why not something good?

There is a subtle relationship between one's attitude and events. I will not say that an optimistic attitude always brings a favorable event, but it certainly has something to do with it, just how much we cannot say.

And a belief in the worst, a confidence in calamity, has a tendency to bring it about.

As the preservation of life is based upon the strongest instinct that is present in a human being we are justified in saying that no one who commits suicide is wholly sane.

Copyright, 1924, by McClure Newspaper Syndicate.

### Horoscope

Although Saturn is in benefic aspect in the evening this is held to be an unfortunate day, according to astrology. Neptune and Mars are strongly adverse.

All the signs point to much agitation regarding the army and navy, militarism as an issue may be strongly injected into late campaign issues.

Neptune is in an aspect read as presaging most threatening to our naval forces which will be unusually active.

Much building of ships and airplanes is forecast as probable within a short time.

Military training will be agitated more seriously than at any time since the world war, and women will protest as never before, but at first their voices will not be heard.

Too much stress can not be put upon the necessity of watching all the avenues of the mind through which much evil may enter at this time.

Dangerous propaganda will be broadcast and it may have serious effect.

The seers counsel the greatest charity in regard to one another's religious views, for the conjunction of Mars and Uranus in November will be attended by menacing signs.

Riots and secret crimes may be the outcome of prejudice and misapprehensions, astrologers warn. Shipping outrages of the most puzzling character are forecast and England as well as the United States may suffer.

Secret plots and hidden methods of carrying them out will be numerous and exceedingly dangerous.

Brotherly love should be cultivated as never before, for there is a world crisis looming in the future.

Persons whose birthdate it is should not worry about trifles of any sort in the coming year, which should be lucky, if litigation is avoided.

Children born on this day may be headstrong, rash and impetuous. These subjects of Virgo probably will be extremely clever, but hard to understand.

The Union of South Africa in 1921 had a white population of 1,500,000 against 5,000,000 blacks.

Reduced rates on freight over 100 pounds in weight are given by a Holland airplane service.

### Today's Poem

THE WAY OF IT  
The wind is awake, pretty leaves,  
Heed not what he says; he deceives,  
He deceives, he deceives,  
Over and over

To the lowly clover  
He has lisp'd the same love (and forgotten it, too),  
He will soon be lisp'ing and pledging to you.

The boy is abroad, pretty maid,  
Beware his soft words; I'm afraid, I'm afraid;  
He has said them before  
Times many a score.

Ay, he died for a dozen ere his  
beard picked through,  
And the very same death he will  
die for you.

The way of the boy is the way of  
the wind,  
As light as the leaves is dainty  
maid-kind;

One to deceive,  
And one to believe—  
That is the way of it, year to  
year;

But I know you will learn it too  
late, my dear,  
—John Vance Cheney.

### Smiles

WHY, OF COURSE!  
The corporation's claim agent went to see a man who claimed damages.

"I don't see what claim you have for this accident," said the agent. "You were thrown out of the car, but by your own statement you were not hurt."

"Well, wasn't it by the merest accident that I escaped injury?" returned the claimant.

ALMOST IMPOSSIBLE  
Four men were playing bridge, and the one who was "dummy" looked grimly at his partner, who had played the hand and broken every known rule of the game.

"How long have you been playing bridge?" he asked.

"Oh, about five years," replied the other.

"Really?" said the first, scathingly. "I had no idea it was possible to acquire such appalling ignorance of the game in so short a time."

Norway's strike is estimated to have cost the country over 100,000,000 crowns.

# AUTOMOBILE SECTION

GLENDALE, LOS ANGELES COUNTY, CALIFORNIA, THURSDAY, SEPT. 11, 1924

## GLENDALE WINS VETERAN AUTO DEALER

### PRICE BOOST LOOMS FOR AUTOS

Limit of Upward Trend Is Not In Sight as Sales Volume Falls Off

By J. C. ROYLE  
Special Correspondent of the Glendale Evening News. Copyright, 1924  
NEW YORK, Sept. 11.—Although there have been many price increases put into effect by automobile manufacturers in the last sixty days, there are a number of companies still planning advances in quotations. The makers have reversed the old saying, "the higher the fewer." Now they are saying "the fewer the higher" as they boost the price. The trend, they say, is unmistakably upward with the limit as yet unfixable.

Leading officials of the important companies explain that when sales and production are in heavy volume, costs decline in direct ratio to production increase. The reverse of this condition now is true. Prices established last summer, and many of which still are in effect, were based on a sales volume which has not materialized. Dealers have been stockpiled up to the limit of safety and, some financiers say, beyond it. The industry, therefore, is resigned to a smaller output during the remainder of the year. As costs are at or close to rock bottom, according to the manufacturers, the only way they can continue to make and sell cars without going into the hands of receivers is to advance the prices of their products.

**Ford's Example**  
In talking of costs in the same breath as rock bottom, however, the automobile men fail to explain how it is that the Ford company, which has been working its employees on a five-day-a-week schedule for two months, has been able to turn out very many cars as when the workers labored and were paid for six days a week.

In support of the move, it has been said that the five-day week has enabled the Ford company to keep all its employees at work, instead of laying them off during the dull period. But if output has been about the same as on a six-day schedule, this reasoning would seem to be unsound. It would seem that the Ford company has added to its profits a minimum of \$5 a week at least, for every one of the scores of thousands employed at a daily wage of \$6 or more.

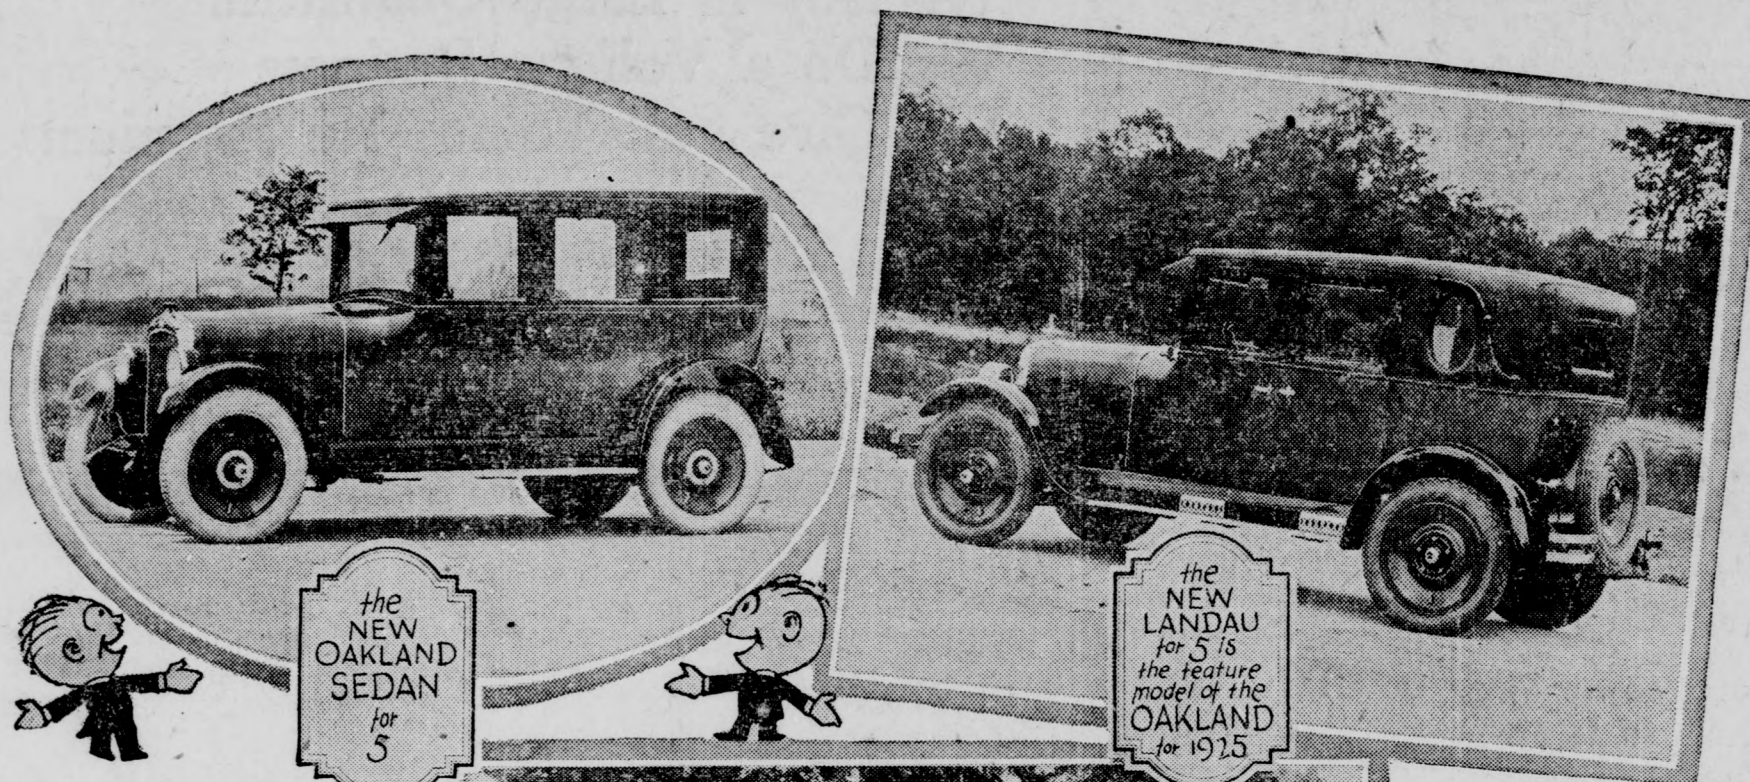

**Revision Looms**  
Efficiency experts are watching the situation closely, feeling that if labor costs can be cut one-sixth in the Ford plants, immediate steps to revise operations in other factories and industries are necessary. They are also watching to see if the Ford concern will demand a corresponding increase when the factories are returned to a six-day-a-week schedule.

The company is expected to maintain about the same output in September as in August, when production was about 15,000 vehicles. Ford stocks are now said to be down to normal, being about fifteen cars per dealer, and a considerable part of the output between now and spring will go into a bank of parts to provide next season's requirements.

**Forces Increased**  
Two of the larger automobile plants in Detroit have re-opened after temporary idleness in some departments and this has raised

### Oakland's New Models Show Distinctive Styles

The new Sedan and the Landau, in the closed types, are taking the motoring public by storm, while the open model of the standard touring car is steadily increasing its hold on popular favor, especially since the adoption of the four-wheel brakes and the Duco finish that is impervious to weather conditions and hard use. JOHN NEUSCHAFER, the local dealer, is taking a real pride in the new cars he is offering Glendale motorists.

### STUDEBAKER WILL SHOW NEW TYPES

First Complete Change In Styles Stirs Interest Of Motor Buyers

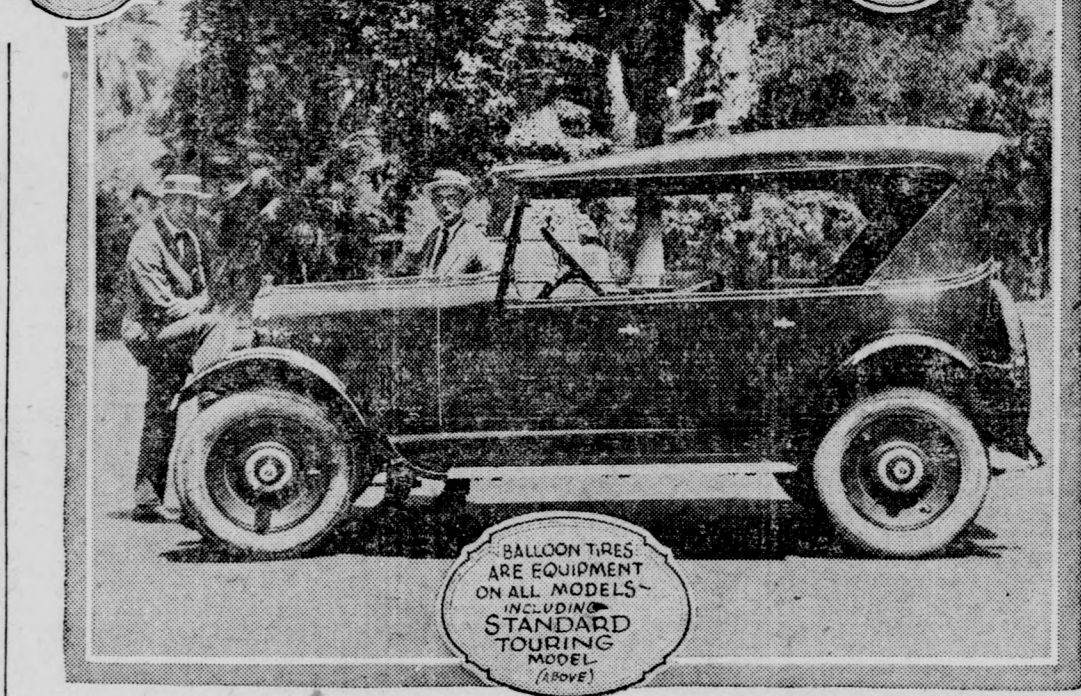

Those on the inside, who have seen the carefully-guarded, new Studebaker cars, are predicting nothing short of a sensation for American motordom when they are publicly announced this coming Sunday, September 14, says Stephen C. Packer, of Packer Motor Co., 245 South Brand boulevard, Glendale Studebaker dealer.

Chief among these is said to be an entirely new type of body, of pressed steel, which is both an open car and a closed car. The entire top of the car is shaped in steel and covered with water-proof moleskin fabric. The device for converting the car into a closed car is said to be entirely new and almost instantaneous in operation.

"This is the first complete change in models that Studebaker has announced in six years. People may reasonably expect drastic changes and not be disappointed," says Mr. Packer.

There is an entirely new Six which comes from the new factories at South Bend, according to reliable information. It is said to be larger than the former Light Six and to include many new features which give it remarkable power and performance. Although a medium-sized car, it has been so designed that the driver's compartment has as much room as that of the largest car, reports have it.

**SPOTLIGHT HELPS**  
Night repairs and adjustments are made easier by the use of a spotlight equipped with an extension cord.

### ADOPTS ONE-WAY TRAFFIC SYSTEM

Portland, Ore., Changes Over After Steady Campaign Of Education

PORTLAND, Ore., Sept. 11.—Portland, "City of Roses," and narrow streets, has finally come around to one-way traffic.

It was a move made necessary by increasing traffic and congestion, augmented during the rush hours of morning and evening by serious jams on streets leading to trans-river bridges.

**Teach Autoists**  
The system, installed on about ten business thoroughfares, was inaugurated with a minimum of trouble due to a campaign of education. The next move of the city administration is to designate several cross-town streets as traffic arteries. Approaching these, motorists must bring their cars to a complete stop before crossing.

Police believe it will prevent many accidents.

### Jay-Walker Causes Numerous Tragedies

What is a "jay walker?" He is the individual who crosses diagonally at street intersections, crosses the street at other than street intersections, walks in the street instead of on the sidewalk, and crosses in the traffic against traffic officers' directions.

Why is he a menace? Because he is crossing at unexpected places that cannot be anticipated by the driver of an automobile, and many times when trying to avoid jay walkers a careful driver collides with or narrowly avoids a collision with another car.

The "jay walker" very seriously adds to the traffic congestion on all of our downtown streets. Statistics will show that the jay walker is a large factor in increasing the large toll of automobile fatalities, because he unnecessarily exposes himself to the hazards of every passing vehicle.

DON'T BE A JAY WALKER!

Umberto, Prince de Piemont, is heir to the Italian throne.

### Parisian Traffic Claims Disproved By Club Officials

LOS ANGELES, Sept. 11. Officials of the Automobile Club of Southern California today took cognizance of the attack made upon traffic conditions in American cities by a commission of French police inspectors upon their return to Paris after a tour of observation in the United States.

"Traffic moves much faster in Paris than in the large American cities," the commission is quoted as saying in a recent dispatch, "and accidents are very much fewer. At the Place de la Concorde, where 8000 cars pass in fifty hours, there has been neither an accident nor a traffic jam for ten years."

Upon that statement the French inspectors, according to the dispatch, rest their case with complete satisfaction—to themselves.

"Well, let's see," was the comment of the combined club officials. "Eight thousand cars in fifty hours—that's about seventy-six cars an hour. At Figueroa and Adams street, right outside this club building, 69,797 cars pass every day. That's about 3000 cars an hour, or fifty a minute, counting twenty-four hours to the day."

"Besides, the Place de la Concorde is an extremely wide boulevard—it is not like Broadway; there, in addition to automobiles, we have street cars at the rate of three or four a minute."

"Traffic jams—how could they have any?"

### Auto Club Promotes Glendale Official

M. V. Cook, Jr., who has been acting as assistant to M. B. Towman, Glendale representative of the Automobile Club of Southern California for the past two years, has been notified of his promotion to the post of representative of the club in San Luis Obispo county, and will leave Friday to assume his duties, making his headquarters at the city of San Luis Obispo, the farthest north office

### HIGH FIGURES ON AUTO TRANSFERS

One-fifth of California's Motor Vehicles Have Changed Owners

Figures released by the division of motor vehicles, showing the turnover in used cars, show that transfers have been made, so far this year, of approximately 20 per cent of all the cars, trucks, motorcycles and trailers that were registered in California since the first of this year.

The number of motor vehicles, including motorcycles and trailers, registered in the state on August 1, the records show, was 1,214,115, and of this number a total of 254,182 had changed hands since the first of the year.

**To Go Higher**  
Officials who are in touch with the situation believe that the percentage of transfers will reach a higher percentage before the end of the year, now that the intensive period of motor registration has passed, and since all cars, except new ones, have secured their plates for 1924.

Many motorists unwittingly violate the law in failing to report the sale of a car, it is declared, and it is pointed out that the transfer of an automobile must be made within thirty days after the transaction has taken place, and if the motorist fails to apply for a transfer within that period after the sale of a car he will have to pay double the fee, or \$2 instead of the \$1 provided by law. It is also pointed out that the consent of the legal owner of a car must be secured for its transfer.

Alice Miller of Ohio is judged the healthiest baby among 1100 others in Ohio.

Mr. Cook served with the American troops in France during the World War, attaining the rank of first lieutenant and being wounded and gassed in action.

His work here has made him a strong favorite with the Glendale automobile dealers and many expressions of regret have been heard since it became known that he would leave the Glendale office.

### CANADIAN BUSINESS MAN, VISITS HERE, LIKES CITY

W. Gastle, Pioneer In Road Building, Former Automobile Agent, Gives Interview On Securing Improved Highways

With the decision of W. Gastle, a veteran automobile man of Hamilton, Ontario, Canada, to make his residence in Glendale and to engage in business here, this city gains one of the Dominion's pioneer road builders and the man who is credited with winning the fight that resulted in the construction of the first permanent highway in Ontario.

Mr. Gastle is visiting Glendale at present as the guest of Mr. and Mrs. J. C. Person, 1008 Kenneth road, with whom he has been on terms of close friendship for twenty years through his business association with Mr. Person in the east, and he has fallen so completely in love with Glendale that he has instructed his agents in Canada and the east to close out his property holdings there at once.

**Overcomes Opposition**  
As chairman of the good roads committee of the Hamilton Chamber of Commerce, of which he was a director for seven years, Mr. Gastle launched the movement for a paved highway between his own city and Toronto, a distance of forty-two miles. In addition to facing the natural obstacles, chief of which is the requirement that the foundation of a road must go below the frost line, which is usually to a depth of three feet, six inches, Mr. Gastle and his associates had to overcome the opposition of those who declared that the then existing system of roads was good enough, and of those who claimed that he, as an automobile dealer, was seeking roads for the benefit of motorists only.

Mr. Gastle enlisted the co-operation of George H. Gooderhan, chairman of the good roads committee of the Toronto Chamber of Commerce, and between them they started on a campaign that lasted eighteen months before they could overcome the opposition and enlist the backing of the Canadian government in the project.

**Construction Starts**  
The forty-two-mile stretch was finally started in the winter of 1913-14, under a commission appointed by the Canadian government, which guaranteed the payment of the money required to build the road after it had first been secured from private interests. The completion of this stretch of highway in 1916 marked the first step in the construction of Ontario's road system, which now totals 2000 miles of permanent highways, with nine-inch concrete surface and with under road drains placed at a depth of three and one-half feet to take care of the rains that are so plentiful there and to go below the line of the frost, which would otherwise ruin the roads after they had been built.

"The farmers fought us most bitterly," says Mr. Gastle, "but the farmer government of Canada that held office from 1919 to 1923 built more good roads than any other administration Canada ever had."

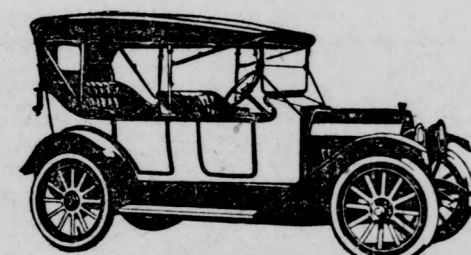

**Likes Glendale**  
Mr. Gastle was formerly connected with the McLaughlin Carriage Co., which later became the McLaughlin-Buick Co., Ltd., the Canadian assemblers and distributors of Buick cars, and in the

THE pronounced leadership of the automobile business in restoring the old-time purchasing power of the dollar is best illustrated in the increased quality and decreased price of the Chevrolet.

These reductions in prices have more than doubled the purchasing power of your dollar when buying a Chevrolet, although the specifications and design show marked increase in quality.

Note the ten years' record of Chevrolet sales, then drive one and you will understand why it has become so popular. Before buying any car at any price let us prove our low operating cost and explain how easy it is to get one and pay as you ride.

New—  
created for those  
who respond to  
Excellence

The Oakland  
Landau Sedan  
\$1645  
factory

THE new Oakland Six Landau Sedan was created to match the taste and quicken the pulse of those who instinctively prefer excellence.

Here is luxury on four wheels—a light, close-coupled, closed car—easy to drive, easy to park—powerful, handsome, individual—and as clean-cut and debonair as a Derby winner.

Here is exclusive luxury at a very low price for such luxury. There isn't a car in its price group and not a handful among the higher priced cars that offer the smartness and completeness of dress and de-

meanor you will find in the Landau Sedan.

Here is beauty of an exceptional type conceived by Fisher and installed on a chassis that is True Blue to the last bolt and the last nut—

—A True Blue car with spirit and vigor and driving utility that have earned it the right to be called "a year in advance of its field."

Drop in today and ask to see this new Oakland. It is a great deal more than a good looking car. It is one of the world's very finest!

## BIG DEMAND FOR JEWETT'S LATEST

Five Passenger Brougham Is  
Booked Far In Advance,  
Dealer Declares

A complete five-passenger De Luxe Brougham is announced by the Paige-Detroit Motor Car Co., as the latest addition to its line of proved Jewett six cylinder powered motor cars. The new brougham, in its striking new finish, offering every desired advantage from comfort, safety and longevity standpoints, is now on display in the showroom of Ralph B. Bliss, local Paige and Jewett distributors, 219 West Colorado street.

Evidence that other dealers believe this model to be the best buy of the season was found by Mr. Bliss when he attempted to increase his order for broughams. In a reply to the order, he was informed by officials of the factory that the entire August production was ordered early in the month.

"Sedans, touring cars and roadsters have long met the popular demand for individual motor car transportation, but only recently have the superior points of the two-door brougham type of construction been brought home to the public," says Mr. Bliss.

"Combined with the proven motor with which the Jewett is powered, the new De Luxe brougham body on the sturdy Jewett chassis makes this a model in the line worthy of outselling its contemporaries as well as its competitors."

## MORE CHRYSLERS, IS CLARK'S PLEA

Canvass of Agencies Yields  
Three Cars to Fill  
Twelve Orders

With every Chrysler Six in the place sold out, Lyman P. Clark of the Glendale Motor Car company, 124 West Colorado street, Chrysler and Maxwell dealers, was forced yesterday to make a thorough canvass of a number of the Southern California agencies for enough cars to fill his immediate needs, with the result that he was able to secure three cars to apply on twelve orders that are standing on his books at present.

Chrysler production has reached 185 a day, and the Chrysler plant is said to be the only one in Detroit that is working three shifts of men.

"The trouble is," says Mr. Clark, "that every dealer in the country guessed wrong in estimating his Chrysler needs, and the market for the cars. Right now they are selling cars that were originally specified for delivery in December of this year, and in spite of the twenty carloads a day that are pouring into California the dealers are unable to supply the demand."

"No other car has ever jumped into popular favor and has maintained that favor as has the Chrysler since it was placed on the market," says Mr. Clark.

A cable line from Italy to North America, by way of the Azores, is to be laid by an Italian company.

## REASON CONTEST CLOSES SATURDAY

C. H. Arbenz Offering Award  
Of New Paint Coat  
On Winner's Car

The "reason" contest started by C. H. Arbenz, 747 South San Fernando road, proprietor of the Gene Morris One Day Auto Painting System, has caused considerable talk in motoring circles and now that three days remain before the close of the contest, which will be Saturday night, September 13, Mr. Arbenz expects another nice lot of inquiries and answers to the reason why the owner of an auto needs his car painted. The prize which will be awarded is a fine paint job on the winner's car and that can be had either at the close of the contest the first of next week or later, at the option of the winner.

Many car owners and their families have filled out the blanks which Mr. Arbenz has provided for the contest and he states that the amount of enthusiasm shown has been much greater than expected.

## AVERAGE MAN IS POSTED ON CARS

Spread of Knowledge About  
Autos Calls for Sale  
Of Real Value

"You can't fool shyer on an automobile these days," declares J. A. Ricketts, general manager for John Neuschaefer, 420 East Colorado street, the local Oakland dealer. "The average man today, even though he may not own a car, knows a lot about them, and the dealer has to sell him an honest car that will deliver its full worth in transportation."

A change that is of interest to closed car buyers is the change that has been made in the upholstery of the Oakland closed models, in which the plush that was formerly used has given way to mohair, a material that lasts during the life of the car, it is claimed, and that keeps its good looks indefinitely.

The Oakland dealer is stressing the many improvements that mark the late models of closed cars and that add a value to the machines that places them high among their contemporaries, not only for good looks and convenience but also for longer and more arduous service.

## INCREASE LOOMS IN AUTO PRICES

Reduction in Sales Volume  
Forcing Advances in  
Costs, Is Claim

(Continued from page 5)

Industrial employment to 198,997, the highest point since employment began to decline late this spring and only about 12,000 below the total employed at this time last year. Chevrolet, Oakland and Star factories are making slight increases in schedules, and the month will show a slight rise in output over August, although it is doubtful if the production of cars and trucks will exceed 275,000. The increase is

## MOTOR BUSINESS TRENDS UPWARD

Reo Service Manager Visits  
Branches on Vacation,  
Finds Optimism

A tour of several of the Reo agencies as far south as San Diego indicates to W. G. Tyler, service manager of the local branch of the Reo Motor Car Company of California, 124-126 South Orange street, that business is on a steady upward trend, the same condition being shown in the Glendale branch, he declares. The service department here, he says, which is equipped to care for any class of work that Reo owners may require, is also turning out a steady volume of work.

## THIRD HUPP FOR TUJUNGA BUYER

Allegiance to Prove Make  
Brings Purchaser Back  
For New Machine

The sale of a Hupmobile club sedan, that was made this week to R. A. Oliver of Tujunga by H. V. White, Glendale representative of H. W. Swanson, Hupmobile and Swanson dealer, 111 West Harvard street, represents the third Hupmobile that Mr. Oliver has owned and shows allegiance of the Hupp owners to the car, Mr. White claims. Each of the two touring cars that preceded the club sedan in the Oliver garage was run slightly over 20,000 miles, and was traded in on a new car, and in the present instance the extra refinements of the club sedan turned the scale in its favor.

Mr. White this week also traded in a 1916 Hupp that he claims he can use for a demonstrator when selling the present models, even though it has been run over 100,000 miles, for it still possesses the same power, smoothness and silence of operation that the latest models possess.

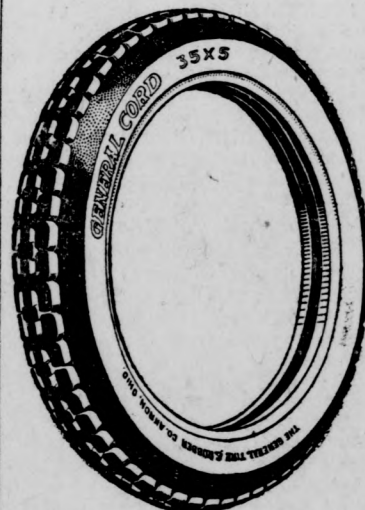

## Texas Oil Men Favor Increased Operation

FORT WORTH, Sept. 11.—Texas oil operators are showing an inclination to increase operations in belief the worst of the depression is over. In the last six working days, thirty-three drilling permits were issued by supervisors of the railroad commission at Wichita Falls.

Smearing the face with lamp-black and wearing goggles completely prevents snow blindness.

due largely to demand for new models.

The brightest spot on the motor vehicle horizon is the extensive program for bus operations reported from cities all over the country. Buses of the type designed for city use cost about \$9000 each. One company alone which desires to operate in this city at this rate would be in the market for at least \$9,000,000 worth of equipment. A dozen other bus companies have outlined plans for expansion and increased operation in this section, while builders of cross-country are unable to keep up with deliveries.

### Easy Riding

The wedge shaped cushion shown below brings comfort to the autoist, especially on long trips.

A wedge shaped cushion placed behind the back will aid materially in resting the driver and keeping him from becoming tired on a long trip. Because of its construction, the wedge shaped cushion supports the back in the place where it begins to first tire—a laudable feature that an ordinary cushion does not have.

The V-style cushion also aids women and persons of short stature to reach the pedals with more ease, thereby adding to driving safety.

The cushion is but one of the many items that is being featured by the Western Auto Supply company during the special "Dollar Week" event that is now being held throughout their chain of western stores.

### PARTY PIONEERS CANADIAN ROUTE

Packard Is Used by Highway Experts In Blazing New Trail Through Rockies

Eleven years ago this month a Packard car was laboriously picking a connecting trail across the American west. In it were men imbued with the vision of a great transcontinental highway, recalls W. H. Daniel, Packard agent, 1129 South Brand boulevard. Today, another Packard is pioneering a through route across the Dominion of Canada. A Packard Six, in the hands of Lincoln Highway officials co-operating with the Canadian Highway association, is on its way westward from Winnipeg in an endeavor to locate a feasible, through, connecting all-Canadian route across the vast empire between Lake Superior and Georgia Strait. Engaged now in a work which parallels that undertaken by the Lincoln Highway association in this country eleven years ago, the Canadian Highway association is endeavoring to locate a route north of the international border through Manitoba, Saskatchewan, Alberta and British Columbia, through the Canadian Rockies south of Calgary and Banff, which will mean as much, in its ultimate development, to the Canadian Northwest as the Lincoln Highway has meant to the American West.

### THIEVES SELECT FINE TIRE LINE

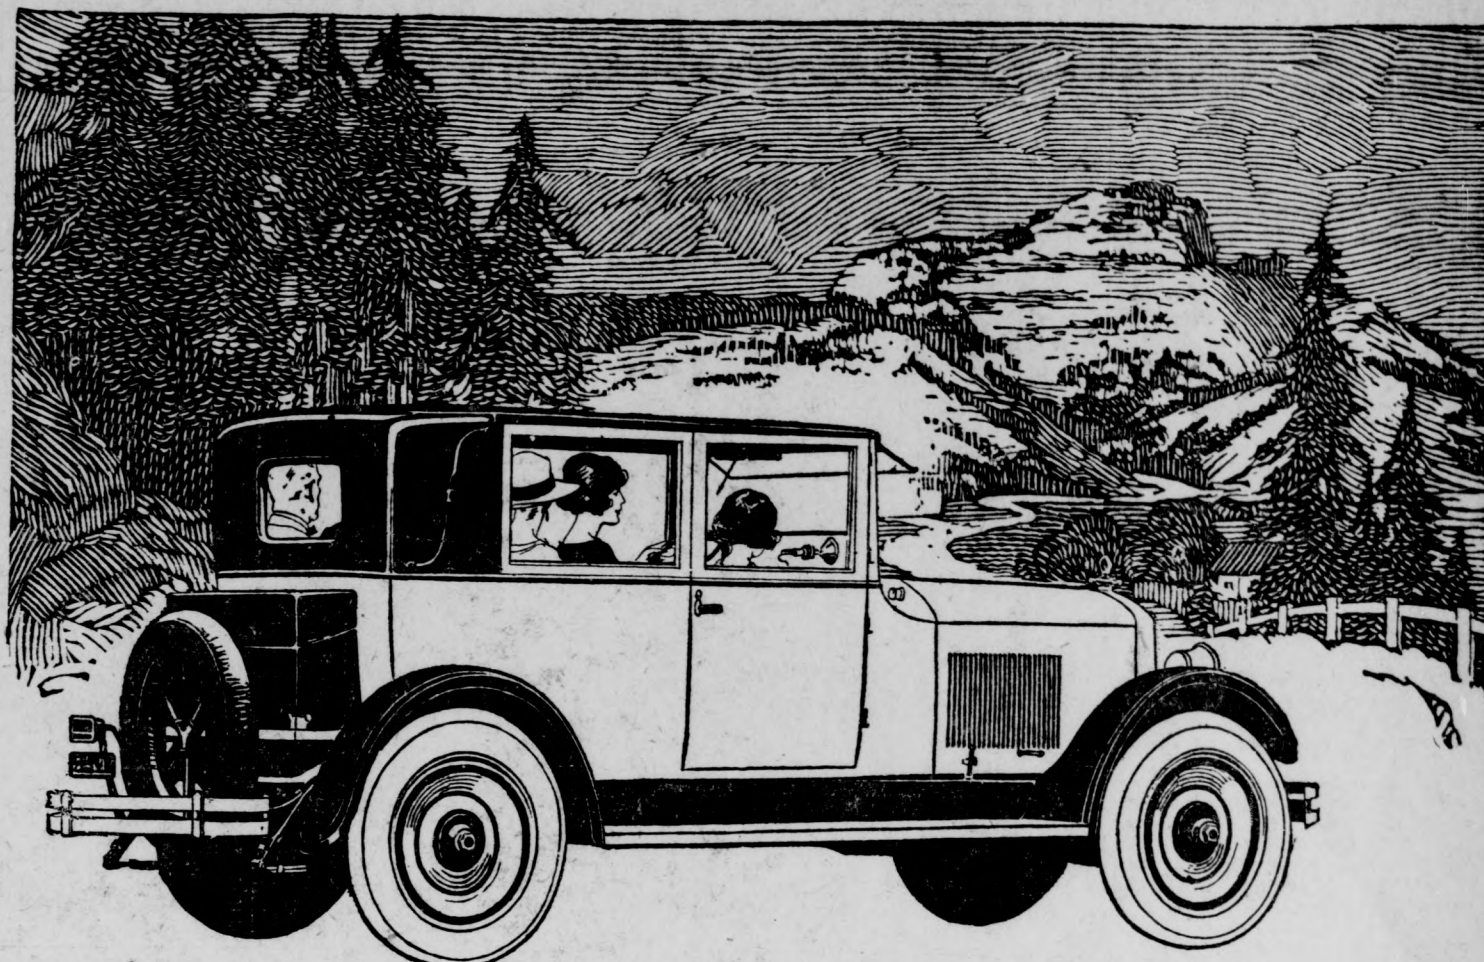

Local Dealers Stocking Up Again After Robbery On Monday Night

Monday night of this week, the same evening that thieves broke into the sales room of the Glendale Tire Service, 303 East Colorado boulevard, and made away with General and Federal tires of approximately \$600 in value, the premises of A. H. Rude company, distributors for Southern California for General cord tires, were broken into and a truckload of General tires was stolen, this loss running around \$2000. "It would seem as though thieves were getting particular these days," says R. B. Coogan, who, with J. J. Hinds, owns and operates the Glendale Tire Service, "when they will pull off two jobs like this in the same night and steal the same kind of tires." Despite the handicap of losing many tires the firm is rapidly stocking up again and now has as large a variety of tires to offer as before. Business has been excellent, both partners agree, and both men praise Glendale as the busiest suburban city in Southern California.

The laboratories of Grasse, a little town in France, distill the most perfumes.

# Proved JEWETT

PAIGE BUILT SIX "ONE BILLION MILES BEYOND EXPERIMENT"

Announcing—New Jewett De Luxe Brougham New Autumn Colors—Balloon Tires

#### This Equipment Included at Jewett's Low Price:

Five Balloon Cord Tires  
Green Duco Finish  
Trunk and Trunk Rack  
Nickel Radiator  
Motometer and Bar  
Monogram Radiator Cap  
Nickel Head Lamps  
Nickel Cool Lamps  
Rear View Mirror  
Sun Visor, Stop Light  
Spot Light, Heater  
Double Bar Bumpers  
Automatic Windshield Wiper  
Transmission Lock  
Included at \$1525  
f.o.b. Detroit. Tax extra  
Steel wheels extra

THE De Luxe Brougham body is new! Smart new body lines—quite the last word in style. New finish—a soft, cool Autumn Green, brightly striped in orange. Fine-grain leather finish back, with landau arms. Balloon tires for even greater riding comfort. Completely equipped—everything you'd want for a car!

Proved stamina—long-lived performance! For there's nothing freakish, untried, about the sturdy Jewett chassis! From the big, Paige-built, 50 h. p. Jewett motor to the all-steel universal joints—it has been tried and tested in over a billion miles of service.

The big Jewett motor gives you all the power you want. Power to beat others up hills in high. Power to pull

away first in traffic. Power to go through bad going slowly in high. And because it's big—because its power comes from size and not from wearing, killing motor speed—Jewett does its job easily, unstrained. So its life is long!

Jewett's motor was first used in a Paige selling for \$2000! Then—improved, perfected—it was put in the Jewett. Five years' service—1,000,000,000 miles of travel—prove its staunchness!

Extra deep frame; heavy duty axles; all-steel universal joints; 2805 lbs. of huskiness—all strength for Jewett's big power!

Come in and see this new Jewett Brougham. We'll "stand treat" to a ride for you and your family—

### BUICK SHIPMENTS COMING STEADILY

Scarcity In Several Models In New Line Overcome, Says Executive

Deliveries on all models of the new Buick line are coming through better every week, and the difficulty that was experienced in securing delivery of several of the models at first has been overcome, according to Ray L. Galvin, sales manager for Tanner and Hall, 222 South Brand boulevard, Buick distributors.

"The way in which the new line," he claims, "is enhancing the Buick reputation for building fine cars may be a surprise to a few people, but to those who know Buick it is only logical that every new model should make more friends for the manufacturer. This is because every new model marks some advance in automotive engineering, some added refinement in construction, more riding comfort, something in keeping with Buick's acknowledged position as a leader in its own field."

## GIANTS MAINTAIN LEAD IN LEAGUE

Dodgers Have Chance to Make Gain in Today's Meet With Phillies

NEW YORK, Sept. 11.—The Giants were slightly more than a game in the lead in the National league race today by virtue of a double victory over Boston, but the Dodgers have a chance to pick up lost ground today at the expense of the Phillies while the champions are idle. The Pirates are three and one-half games behind the Giants.

The Senators' lead in the American league is still a game and one-half. The Yanks can tie them by beating the Red Sox twice today if the Athletics win from Washington. The Tigers are now five games behind the Senators.

The Giants practically ruined the Braves by burying them under scores of 22 to 1 and 8 to 0, increasing their slender lead over Brooklyn by half a game. The Giant batters swatted everything but the umpire, piling up thirty-five hits.

Wheat's homer with one on enabled the Dodgers to beat the Phils, 5 to 1, and stay in the race. Rube Ehrhardt, Brooklyn's sun-kissed Florida toiler, held the Phils to five hits.

Father Time chuckled as the veteran Babe Adams stepped from the morgue and held the Cards to five bingles. Score: Pittsburgh 3, St. Louis 1.

The Athletics clung to sixth place by nosing out Washington, 2 to 1, but the Senators won the nightcap, 6 to 5, and maintained their lead of a game and a half over the Yankees.

Hollis Thurston stopped Detroit's winning streak as four Tiger pitchers paraded to the showers. Score: White Sox 12, Detroit 8.

The Reds booted the Cubs again, 6 to 3, in their farewell appearance at Chicago.

## Three Coaches Added To L. A. Prep Schools

Three former collegiate football stars were signed to coach Los Angeles high school football teams yesterday. Ralph Jenson, former Pomona star, has been signed to coach the Poly lightweights. George C. Dirckx, who graduated from Missouri in 1921, will assist Bill Haney at Fremont, while the Jefferson lightweights will be handled by Jim Pursell, U. S. C. lineman last year.

## Mercury Soccer Team Plays at San Pedro

Members of the Los Angeles Athletic club soccer team will journey to San Pedro Sunday to play an exhibition game against the San Pedro city team, it is announced by Manager Kozma of the Mercury team. Kozma claims that his eleven will be better than that which went through the 1923 season undefeated. Jimmy Allan has been elected captain and Joe Tunncliffe vice captain.

The sea's coloring is due to the filtration of sun's rays through salt particles.

## Swap Blows in Ring Tonight

LUIS FIRPO, the "Wild Bull of the Pampas" (left) and HARRY WILLS, perennial colored challenger, are ready to enter the arena in Jersey City and strut their stuff for twelve rounds, provided neither kiss the canvas before the expiration of the time limit.

## BRITISH TEAM IS HELPED BY DELAY

Wet Grounds Give England's Polo Squad Additional Time to Practice

By LAWRENCE PERRY  
Special Correspondent of The Glendale Evening News, Copyright, 1924.  
NEW YORK, Sept. 11.—With the advantage of practice, the British polo four was the one that benefited by the postponement of the international match. The Burlingame outfit would, in fact, be well suited if the first match were to go over for a week.

But, on form, they would need even more than that to be a match for the American four. In the theory and practical science of the game, the Americans have made advances no less radical, as compared to the British, than our golfers, who, by the way, have never lost an international match to our overseas cousins.

While the British team may spring something unexpected, as was the case in 1914—the chances seem to be that they won't. In 1917, the British had Captain Cheape up forward, and he was one of the best forwards of all time.

It was a co-ordinated team, that 1914 outfit, and co-ordination has not been a marked factor in the play of the 1924 challengers. Lacy's ninth hour entrance as back will bolster up the backfield so far as individual play is concerned, but whether he will fit into the combination remains to be seen.

The Australian government has made an agreement with the Anglo-Persian Oil company to import Persian crude oil.

## SEAT SALE LARGE ON BOUT TONIGHT

Firpo and Wills to Draw Big Crowd, Rickard Reports, As Ducats Go

By FAIR PLAY  
Special Correspondent of The Glendale Evening News, Copyright, 1924.  
NEW YORK, Sept. 11.—Tickets for the Wills-Firpo battle, according to Tex Rickard, have taken a big selling jump.

This, he says, is due to two reasons. The first is the assurance that whatever happens to Firpo because of the alleged selection of a traveling companion en route to this country will not affect his projected encounter with the dark skinned battler.

The second is the falling through of the proposed bout between Benny Leonard and Mickey Walker. A lot of persons who had to choose between the two attractions had decided to take in the battle between the king of the welters and the lightweight monarch.

Report Is Doubtful  
With this show gone to the junk pile, the Firpo-Wills entertainment will have no opposition and the spurt in the sale of seats reflects this happy state of affairs.

As for Leonard's passing up of the chance to meet Walker, the fans are still talking about that.

Out of all the medical reports and opinions of managers and others more or less close to the situation, one fact stands out even as clearly as Benny's sore thumb. That is the sentence with which the committee of five physicians ended their report. They said the thumb showed signs of "inadequate treatment."

Whose fault was that? If Leonard had been eager to go through with Jimmy Johnson's proposed show at the Yank stadium, would his thumb have been inadequately treated?

Of course Leonard was probably anxious to meet Walker—at least his word to this effect had been accepted by a large majority of his friends. But suppose he was not eager to tackle Walker? What reasons would he have? Well, the big reason would be fear of a beating. This he would have stood a good chance of getting. Mickey Walker is a terrible battler who never yet has shown the best he can do.

Soot settling on copper limits the life of the metal to about 20 years.

## EFFORTS TO HALT CONTEST FAILURE

Federal Judge Denies Plea For Arrest of Firpo On Mann Charge

NEWARK, N. J., Sept. 11.—Federal Judge William N. Runyon today denied an application for a warrant for the arrest of Luis Firpo, Argentine prize fighter, on the charge of violating the Mann white slave act.

The charge had been made by Herbert Clark Gilson, attorney for five organizations seeking to block the Firpo-Wills fight scheduled to take place at Jersey City tonight.

Gilson and three New Jersey ministers were present when the judge handed down his decision.

The organization which Gilson represented had accused Firpo of bringing Bianca Lourdes Picart, Cuban manicurist, from Atlantic City to New York last year.

## Opponents to Contest

Through, Says Attorney

JERSEY CITY, N. J., Sept. 11.—Herbert Clark Gilson, attorney for several organizations leading a fight to prevent the Firpo-Wills fight tonight, conferred in his office here today with Canon Chase of New York, following which Gilson said:

"We have exhausted all legal efforts to stop the fight. It is now up to the public. Unless something happens before tonight we are through."

Canon Chase has led the movement to have Firpo deported.

## Firpo Slight Favorite

But Betting Is Negligible

NEW YORK, Sept. 11.—Luis Angel Firpo, alleged wild bull, and Harry Wills, so-called black panther, are scheduled to appear in a 12-round bout at Jersey City tonight.

From all appearances it will be a meeting between two big tremendously strong men who can deal out punishment, but cannot take it.

The advance sale has not exceeded \$300,000. Of this Wills is supposed to draw \$150,000 and Firpo a guarantee of \$100,000 with the privilege of a cut in the receipts.

Firpo ruled a slight favorite today at odds of 6 to 5, but outside of the financial district the betting was negligible.

The men will weigh in before 7 p. m. at the Jersey City auditorium. It is believed that Wills will weigh about 220 pounds and Firpo about 215.

## FOOTBALL BUNCH BEGIN WORKOUTS

Secure More Instructors to Put High School Squad Doing Its Stuff

By ROSS M. RUSSELL, JR.  
Of The Evening News Staff.

With two new grid mentors on the job in addition to the three already at the Glendale High school, the candidates for this year's football team will certainly begin their training in earnest. The two new coaches are Pierce, from the University of Indiana, and Hicks, from the University of Southern California.

Although such stars as "Breezy" Elliot, rated as the best high school fullback in the state last year; "Cereal" Walton, halfback; "Ronny" West, former captain and halfback, and Horii, the diminutive end, who also placed on the all-state high school eleven, were lost by graduation. Coach Hayhurst is confident of developing another championship team.

Dick Ryan is captain this year and will probably hold down halfback. Elmer Mack, last year's lightweight back, and "Red" Parker are making strong bids for backfield positions. "Bud" Elliot will probably handle the signals for the Dynamiters.

Marion Morrison, Cecil Zaun, Louis Dotson, Les Lavelle and Carl Denney are the regulars who expect to cop line positions. In addition to the above mentioned there are a good many recruits out who will make it hot for those who expect to get on the team.

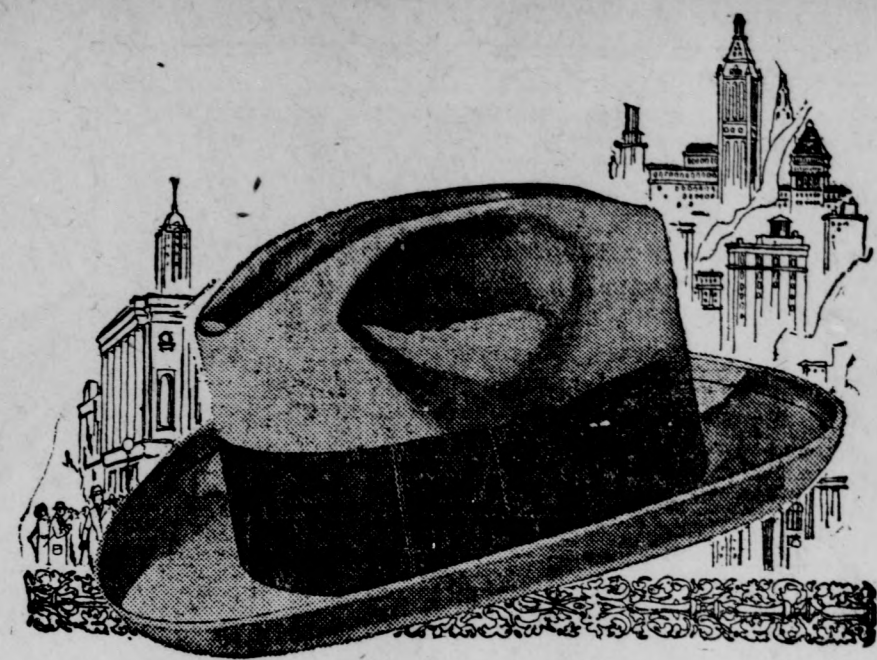

Every night from 3 to 5:30 o'clock the coaches are putting the men through the paces with strenuous calisthenics and formation practice.

Coach Butterfield is handling the lightweights against this season and reports that between thirty and forty have already shown up for practice. Coach Wolfe will take care of the 110s at the old plant.

Trout Bite Well at Rainbow Angling Club

Members of the Rainbow Angling club have taken in many limits of good-sized trout recently. The water is clear and cold and the fish biting well, according to Manager Leigh Garney.

During the month of July of this year 16,276,000 Philippine cigars were shipped to the United States.

## SEALS WIN WHEN GRIFFIN PITCHES

League Leaders Halt Lucky Streak of Seraphs and Win Game 6 to 1

LOS ANGELES, Sept. 11.—Marty Griffin hurled San Francisco to a decisive victory over the Angels in the third game of the series yesterday, 6 to 1. The young twirler looked like an old-timer on the mound never getting in a hole and having the Seraphs under his finger at all times. Air-tight support also aided in bringing victory to the league leaders.

Hoping to make it three in a row, Marty Krug sent Myers in for the Angels, but five runs allowed in the same number of innings threw the burden to Buck Ramsey who lasted the last four frames and was touched for the remaining score in the ninth. Bunching their hits in the early stages of the fracas, the Seals scored at will and sewed up the contest, while Griffin held the Angels to six hits.

Los Angeles had chances for a rally in the fifth and ninth but Griffin's steadiness held them in the last spasm, while a double play robbed them of one in the fifth.

Errorless ball was played by both teams, something that seldom happens in the Coast league these days. The Bay City infield were responsible for twenty-four of the twenty-seven putouts, Ellison, the Seals' pilot and first sacker, handling nineteen chances.

Piling up an early lead, the Portland Beavers defeated Seattle yesterday, 10 to 7. Jones started for the Indians but was received by Steuland who held the Ducks

scoreless for the last five innings.

Three Sacramento hurlers were ineffective against the Bees yesterday, Salt Lake taking the contest, 17 to 10. O'Neill was touched for thirteen hits by the Solons but lasted the entire distance.

At Oakland, the Vernon Tigers were victorious in a close battle by a score of 4 to 3. Vernon tied the score in the ninth and showed the winner across in the extra frame.

## Helen Jacobs Goes Into Singles Finals

PHILADELPHIA, Sept. 11.—Miss Helen Jacobs, youthful tennis luminary of Berkeley, Cal., entered the final round of the national girls' singles tennis championship, when she defeated Miss Genevieve Fox of Southampton, N. Y., in the first semi-final match here 6-2, 6-0.

## America, Britain Golf Amateurs to Contest

GARDEN CITY, N. Y., Sept. 11.—Amateur golfing supremacy between America and Great Britain will be settled Friday and Saturday in foursomes and singles over the course of the Garden City Golf club. There will be foursomes and eight singles matches, with one point going to the winners in each match and with a split point for halved matches.

## Canadian Resident Is Won by Glendale

(Continued from page 5)

latter organization he was manager of the Hamilton branch, one of twelve in Canada. When the General Motors Corporation took over the McLaughlin-Buick interests, Mr. Gastle resigned his position and retired from active participation in the affairs of the firm, devoting most of his attention to his own extensive property interests.

"Since I came to California three weeks ago," says Mr. Gastle, "I have driven over practically all the southern part of the state, and I find an atmosphere in Glendale that appeals to me very strongly."

Progressive City  
"My years of experience in Chamber of Commerce work have enabled me to gain a fairly correct idea of a city's condition in a comparatively short inspection, and Glendale's live, wide-awake style strikes me most impressively in comparison with the somewhat sleepy air that I found in several of the other cities I visited."

Mr. Gastle has not yet definitely completed his plans for embarking in business here, but as soon as his affairs in the east have been wound up he expects to give serious consideration to a number of propositions that have already been submitted to him and to become a member of the Glendale business community.

The fact that his business associates have been largely American has given him an insight into conditions and methods in vogue in the United States that will, he declares, stand him in excellent stead when he launches out here.

## USE YOUR CREDIT

Use your credit when you want to buy tires and avoid the necessity of spending a large sum of money at one time.

A small sum down and a small amount weekly will enable you to fully equip your car with the finest tires manufactured.

COMPLETE EQUIPMENT FOR RETREADING BALLOON TIRES

UNCONDITIONAL GUARANTEE CERTIFICATE

We furnish each purchaser of a new tire a certificate, guaranteeing to keep the tire in serviceable condition for one year. We vulcanize all cuts and blow-outs absolutely free for one year. Should an accident happen utterly destroying the tire we make full yearly allowance on a new tire.

## Diet And Health

By LULU HUNT PETERS, M. D.

### ANSWERS TO CORRESPONDENTS

**Liver Spots (Chloasma)**  
L. H.—It is not known just why the pigment of the skin should be concentrated on some spots, but it would seem there is some disturbance of the system somewhere, perhaps of the glands of internal secretion. These spots are stubborn things. Sometimes they can be peeled off in the hands of a skillful dermatologist. Occasionally lemon juice or peroxide of hydrogen will bleach them a little. How about your diet? Are you getting all of the vitamins and mineral elements you need? Are you taking at least two glasses of milk, liberal servings of vegetables, especially the green leaf vegetables, part raw, fresh fruit, whole grain cereals, etc.? How about your bowels? How about your teeth and tonsils—any chronic poisoning from them? Why not have a good physical examination and check up on yourself?

**Fallen Arches**  
Mrs. H.—Yes, completely fallen arches can be cured if you will be persistent enough with your foot exercises. Always walk with the toes pointed straight ahead. Here are some good exercises: Walk for five or ten minutes a day, toeing in, and part of the time on the outer edge of the foot; rising on the toes for five minutes, three times a day; twisting the feet in and out; picking up marbles with the toes, etc. You had better go to an orthopedic surgeon, and have him give you specific advice for your case. Perhaps he will order an arch support.  
I am glad you lost thirty pounds of your overweight and that it has made you so happy. Do you notice how many times our overweight friends have fallen arches? For your constipation while reducing you should take bran or agar or mineral oil, or perhaps a combination of the three, two or three times a day. You have to count the ordinary cereal plain bran as about 100 calories to the cup.  
Send for our article on Dan-druff, Baldness and Greying Hair for your hubby.

**Missionary Work**  
"Dear Doctor Lulu: I followed your instructions about a year ago and lost twenty-five pounds. Was able to stand the hot weather splendidly after that and know that I look much better. During a vacation to my aunt I sang your praises to her (she's stout, too), so she requested me to send for a pamphlet for her. So the good work is always spreading. Sincerely yours, in slimmness and comfort—L."  
Thank you, L., the good work is spreading. At the present rate it won't be long before it will be rare to see an obese person, and all our work can be along preventive lines instead of curative. "Is a consummation devoutly to be wished. It is preventive now, too, to a great extent, for by curing overweight we are preventing diabetes (diabetes specialists say that the majority of their patients were overweight before coming down with the disease) heart disease, kidney disease, hardening of the arteries with high blood pressure and apoplexy, intestinal disease, certain skin diseases, and

**MILADY'S COSTUMES**  
NEW YORK, Sept. 11.—Although the ultra fashionable declare that crpe de chine is not in the forefront of style just now, some charming afternoon costumes continue to be made in this satisfactory fabric. Browns, fawn, caramel and seal tones predominate as well as black combined with blue.  
It will require 400 tons of steel to manufacture California's one million automobile license plates for 1924.

**THE name "Webster"** is synonymous with "Dictionary" because of the ability of that early compiler. Just so, "Red Crown" means "gasoline" because it is the recognized standard of quality. "Red Crown's" quality is a definite matter of greater power and mileage.

**RED CROWN**  
GASOLINE

## Social : Clubs

Edited by KATHERINE V. SINKS

### Complete Pledge

A pledge to the Episcopal home for the aged at Alhambra was more than completed yesterday afternoon at the silver tea held by St. Mark's Auxiliary at the home of Mrs. F. S. Card at 209 Alta street, La Crescenta.  
Mrs. W. A. Holt, chairman of the home board, was special guest and speaker. In response to her talk on the work the church women gave generously.  
Mrs. L. J. Roberts was assisting hostess. Mrs. Archie Parker, president of the Auxiliary, poured tea. There were over twenty women present.

### Live in Tujunga

Mr. and Mrs. Bruce Anawalt, whose marriage took place Thursday, September 4, 1924, at the Tujunga Community church, are to be at home after October 1 at Los Robles avenue and Marshall street, Tujunga. Mrs. Anawalt is the daughter of Mr. and Mrs. J. C. Greer of 327 South Sycamore avenue, Tujunga. Rev. J. E. Hoick, pastor of the Lutheran church, Los Angeles, officiated at the wedding. Members of the bridal party were Mrs. Dorothy Myers, Misses Irene Cole, Bertha May Johnston and Bernard Anawalt. Over 100 guests were invited.

### W. R. C. Meeting

The Woman's Relief Corps will meet Friday afternoon, September 12, in the G. A. R. hall on South Glendale avenue, at 2:30 o'clock, for its regular monthly business meeting. Mrs. Mary Bennett, president, will preside over the meeting.  
A number of the W. R. C. and G. A. R. members have been attending the annual encampment at the Pacific Palisades, Santa Monica. This is the last week of the encampment, and it is expected some very interesting reports of the convolve will be given at the meeting on Friday.

### Plan For Concert

Plans for the January concert were formulated yesterday afternoon by the music committee of the Madrigal club, meeting at the home of the chairman, Mrs. Charles A. Parker at 212 North Orange street. Meeting with the committee was the club president, Mrs. Paul Hoffman. Serving on the committee with Mrs. Parker are Mesdames Ella Littlefield, Southworth, C. L. Viereck.

### Meet in October

Mrs. H. C. Vandewater, curator of the drama department of the Tuesday Afternoon club, announces that the first meeting is to be held Friday afternoon October 17. Mrs. Beulah Wright Comstock of Hollywood, formerly dean of the College of Oratory of the University of California, is to serve as instructor.

### Annual Bazaar

At the meeting held yesterday afternoon by the Glendale War Mothers, the annual bazaar and food sale was discussed. It was decided to hold the affair on Friday and Saturday, September 26 and 27. The place will be announced at a later date. The meeting convened at 2 o'clock in the Glendale Presbyterian church with the president, Mrs. J. M. Cowlin in charge.

### Couple at Home

Mr. and Mrs. Robert E. Hill are residing at the Milford apartments at 505 North Central avenue. Mrs. Hill was formerly Mrs. E. G. Pope, and was superintendent at the Glendale Research hospital. Her marriage to Mr. Hill took place three weeks ago.

### Board Will Meet

Mrs. A. L. Kent, president of the Cerritos Avenue Parent-Teacher association, has invited members of her executive board to meet Friday afternoon at her home, 1811 Gardena avenue. Plans will be outlined for the year's activities.

### Reading Circle

Meetings of the Mutual Benefit Reading Circle will be resumed next Wednesday morning in the Public Library. Mrs. H. V. Henry, chairman, will direct the organization of work for the fall.

### STATE SOCIETIES

New York picnic, Saturday, October 11, Sycamore Grove park, Los Angeles.  
Kansas picnic, Saturday, September 13, Sycamore Grove park, Los Angeles.  
Maine picnic, Saturday, September 13, South Park, Los Angeles.  
Pennsylvania picnic, Saturday, October 18, Sycamore Grove park, Los Angeles.  
Michigan Association of Southern California picnic, Saturday, September 20, Sycamore Grove park, Los Angeles.  
Illinois picnic, Saturday, October 25, Sycamore Grove park, Los Angeles.  
Minnesota picnic, Saturday, September 27, Sycamore Grove park, Los Angeles.

### Successful Party

Another of the series of monthly card parties sponsored by the auspices of the Knights of Columbus was held last night in their clubhouse, 330 East Lomita avenue. The affair proved to be a financial success as well as an enjoyable social event. Five hundred and prizes were awarded to Mrs. Patrick, and Peter Moes for high score. Second prizes were awarded to Miss Isler and R. A. Behrer. Later in the evening refreshments were served and a which a progressive auction of entertainment tickets and cake was held from which \$32 was realized. George Killinger was chairman of the affair.

### Rodaire Hostess

Miss Zilda Cross of 218 West Windsor road was hostess last night to the members of the Rodaire club, which is composed of young women, all former residents of Green Bay, Wis. A yellow and white color scheme was attractively carried out in the decorations. Flowers in these colors were used artistically. The evening was devoted to sewing and an informal sociability. Later a three-course luncheon was served.

Those present were Miss Eva Brehme and Mesdames Ray Engle, Paul McGowan, James McGowan, all of Glendale, and Miss Viola Smits of Green Bay, Wis.

### Team Leaders Meet To Plan for Drive

(Continued from page 3)  
The entirely independent so far as management, ownership of property and control were concerned. When the city association is formed its policies and program will be determined and directed by Glendale men selected to serve as a board of directors.

### Makes Explanation

Chairman McDill also referred to the rumor that it was going to cost considerable to raise the fund of \$275,000 because of outside leadership. He stated that Campaign Director Morge comes to Glendale as a representative of the international committee as a part of his regular work in the Y. M. C. A. movement, and that he received no personal remuneration whatsoever from Glendale, being on salary with the international organization. Mr. McDill stated that the local committee makes a modest contribution to the international work in view of Morge's services and that the entire expense of the campaign will probably not exceed 2 per cent including the publicity, printed matter, campaign meals, postage, office help and supplies.

The "100 per cent" teams reported last night were those captained by T. A. Wright, Sid W. Brown, C. N. Hobson, W. H. Barnes, C. R. Blankenship, V. M. Hollister, J. R. Detweiler, Rev. C. A. Cole, Pierson Hanning, Harry E. Hall, Gould H. Warren, Emil O. Kiefer, William O. M. Newby, George H. Bentley, Roy L. Kent, Paul E. Stillman and Ed N. Radke. Of the other two teams, delay in recruiting was due to the necessary resignation of Ripley Jackson as captain because of absence from the city, and the enlistment of Dr. J. K. Gikerson to take his place. Captain Gikerson recruited seven workers yesterday, however, and will complete his team today.

### Coaching Conference

Special stress was made regarding the importance of full representation of the organization at the first official line-up next Sunday afternoon at the coaching conference at the Glendale Presbyterian church. Reservations are being made for the big "get-together" dinner next Monday evening at the Tuesday Afternoon club launching the active period of the campaign. Those desiring to attend are requested to call the campaign office on phone 130. Through the committee of arrangements, Rev. C. M. Calderwood, Dr. J. K. Gikerson and O. E. Von Oven, an invitation is extended to all the men of the city to attend this civic event and assist in inaugurating what promises to be a notable movement for community betterment.

### Program of Patriotic Events Defense Day

(Continued from page 3)

Captain Gilliland that the high school pupils will be permitted to march in the parade. It is anticipated that either the Elks or Scouts' band will be available. Colonel Joseph Suisun, chief executive officer of the 182nd brigade of organized reserves, will deliver the address of the day. The program will conclude with "The Star-Spangled Banner" by the band.  
Another feature on the program will be a solo by Mrs. Roy Biddlecom, 108 Virginia place, who will be accompanied by Mrs. Gertrude Champlain Erb. Col. Steffen will explain the meaning of the Defense Test day plan, and a short patriotic program will complete the exercises at the Harvard Street High school.

Dr. Nicholas Bahr of Copenhagen is the youngest man to receive a Nobel prize, being only 37 years old.

## Personal Notes

Phone Personals to Social Department, Glendale 4000.

Mr. and Mrs. S. A. Rhodes of 1326 Stanley avenue are to spend the fall and winter at Long Beach.

Mr. and Mrs. W. J. Siebert of 1260 Western avenue left last night for San Francisco for a two weeks' vacation.

Mr. and Mrs. George Hyne recently moved from 209 1/2 South Brand boulevard to 1260 Western avenue.

Peter Moes of 609 South Glendale avenue returned home Sunday night after spending three months visiting relatives and friends in Green Bay, Wis.

Mrs. J. W. Walton and daughter Ruth of 517 North Kenwood street entertained as guests yesterday Mrs. Knowles and daughter Marguerite of Hollywood.

Mr. and Mrs. H. H. Wiebe and children, Lenore and Marion, of 438 Burchett street, returned Sunday from a week's vacation at Monterey, Catalina Island, and Long Beach.

Miss Viola Smits of Green Bay, Wis., arrived here Sunday for a visit with her brother-in-law and sister, Mr. and Mrs. James D. McGowan of 476 West Vine street. She will make an indefinite stay here.

Mrs. Maggie Benson and sister, Miss Nellie Forest, who have been visiting with Mrs. W. R. Alexander and mother, Mrs. Juliana Hayes of 1214 South Maryland avenue, left Tuesday night for their home in Marseilles, Ill.

North Irene McReynolds of 336 North Kenwood street had as her guest on Tuesday her niece, Miss Alice McReynolds of Willowbrook. Mrs. McReynolds went to visit Major and Mrs. F. R. McReynolds for Mrs. McReynolds' birthday party Monday and Miss Alice returned to Glendale with her.

Friends of Mrs. J. J. Keller of 757 Glendale boulevard will be sorry to learn she is seriously ill at her home, suffering with an attack of heart trouble. At the present time she is under the care of a special nurse. Miss Gladys Keller recently returned home from a ten days' vacation spent in San Francisco.

Miss Louise Fambrough of 206 North Orange street entertained as luncheon guests at her home on Tuesday Mrs. Dorothy Koeig of Los Angeles and Miss Muriel Wilson and Miss Virginia Fambrough of Glendale. Miss Virginia Fambrough leaves Saturday for Whittier, where she will resume her duties as a member of the faculty of the Whittier grammar schools.

Misses Dorothy and Evelyn Shaw, daughters of Judge and Mrs. Hartley Shaw of 212 West Park avenue, returned yesterday from an outing at Seven Oaks. Miss Evelyn will return Monday to Pomona college. Mrs. Shaw's mother returned today from three weeks spent at the Pacific Palisades, Santa Monica, where she attended the Methodist camp-meeting and the veterans' encampment.

Mrs. J. H. Van de Sande of Green Bay, Wis., and son, Eugene F. Van de Sande of San Francisco, who are visiting with Mrs. Van de Sande's son and daughter-in-law, Mr. and Mrs. Leslie Van de Sande of 1346 Ridge View avenue, Eagle Rock, were visiting in Glendale yesterday. Mrs. Van de Sande plans to spend the winter here, while Mr. Van de Sande will soon leave for San Diego for a two weeks' visit before returning to his home in the north. Mrs. Van de Sande and sons are old friends of Mr. and Mrs. F. M. Duffey of 209 West Magnolia avenue.

### BIRTHS

Mr. and Mrs. Claire Trumba Van Etten of 476 South Madison avenue, Pasadena, son-in-law and daughter of Mr. and Mrs. David Black of 250 Kenneth road, are the parents of a son, born September 3 at a Pasadena hospital.

Nearly 60 per cent of all Turkish words come from the Arabic and Persian.

**EVERY POUND PLEASES**

## 7,000 Boys and Young Men Are Involved

The boy of today is the man of tomorrow. Glendale cannot afford to neglect for a single moment the supervision of her growing boys.  
From the ranks of the 7000 young men and boys in Glendale and adjoining communities will come in a few short years the heads of families, of business enterprises, of political expression, of civic movements, of moral interests, of religious organizations, provided a proper investment is made in these young lives during the formative period.

## The Y. M. C. A. Plan Successfully Solves the Boy Problem

The Y. M. C. A. knows boys—that's its business—that has been its principal work for the past 75 years. It has developed trained leadership for boys of all ages and its methods are not experimentation but those tested as best in the wis and effective training of the boy to attain his highest development.

### Roosevelt Said:

"If you are going to do anything permanent for the average man you have got to use methods are not experimentation but those tested as best in the wise and effective not the man."

The boys of other cities have been having the benefits and pleasure of the Y. M. C. A. for years—let us give our boys the same opportunities. It is money well invested. It is time NOW for Glendale to assert her city resourcefulness and show other cities that we are the "We Can" city.

## On This Great Civic Question Help Put "Y" In Yes

## BUTTERFLY

By KATHLEEN NORRIS. Copyright, 1924.

CHAPTER XLIX.

The group before the fire closed round him, she could only see the tumbled black top of his head. He was not hearing what people said, and asking them ceremonially to repeat; he was looking blankly at them, his bored eyes half-shut, his insolent voice a mere drawl.

She went on softly improvising; presently ventured humming, then, always magic in its appeal, "Oh, let us not murder that, at least!" he responded to it harshly, striding across the room, "Jazz—and then the Nibelungen Lied, and then jazz again—that is your American way!"

Hilary, her smiling eyes upon him, the silver-and-black magnificence of her gown sweeping about her, continued to press and wave slowly upon the inspired keys. He leaned upon the piano, angrily eyeing some sheet of music, and angrily tossing it aside.

"Was it so bad—your dinner?" she asked, mildly.

In answer his hard mood dropped, his face became that of a hurt and bewildered child, his eyes found hers hungrily.

"Oh, my God!" he said, simply, elbows upon the piano, his black head in his hands.

"You shouldn't have come here, Konrad," she reproved him. "But now that you are here, get into a chair somewhere, say that you have a headache, and drink some tea!"

"Oh, no, I like them—they are all sweet and good, he said, repellant and mollified, with a kinder glance at the company. "It is the others I do not like!"

"Well, have your tea, anyway," she advised him. "Meanwhile, Kasha is to sing some revolutionary songs."

"Come and sit next to me," he urged. "And we will both drink tea!"

"We will not," she answered, laughing, as she rose in all her glory and accompanied him across the big room. "Don't you suppose I want to sleep tonight?"

"But what is all this—all this beautifulness?" he asked. "Because I come?" he demanded, with an odd look.

For answer she leaned toward him with a little confidential winking of the eyes that included him in her delight in it.

"Isn't it too magnificent? But-terfly gave it to me when she had to go into mourning."

"But it is—it is superb," he stammered, as the beauty of velvet swathed form, coppery braids, shining blue eyes and

white and beautiful hands impressed him suddenly. The lines of Hilary's white throat were unbroken by any jewel, her breast was moving quickly with excitement and pleasure, and from hidden ears dangled the odd and ornate earrings of enamel and gold fringes.

"Too beautiful for a secretary-stepmother!" she said as they sat down together. Konrad made no answer, he seemed quiet tonight. He drank one glass of tea, another, and became his simplest and most gracious self. Presently a man was sent down to the motor for his violin, and to give his chauffeur the heartening message that he need not wait: Konrad would be late tonight.

Kasha sang her wild songs; the talk rose furiously, the room became warmer and more warm. An old and toothless man, who had sat silently mulling food and now burst out with passionate tales of revolutions and reprisals, of spies, tortures, prisons, exiles. And then Hilary and Konrad went to the piano.

"Ah, I wish Dora was here!" the girl thought loyally. "She should play she might really love this! And how much better warm friendship like this, with its real help and service, than any of their love!"

"Kronski, my friend," she said, shaken to the depths of her being when, exhausted and breathless, they stopped, and the last of their music echoed through the room, "do you see that you have made your poor mother cry?"

He was looking at her oddly again, as she rose and gathered the beautiful gown about her. The room was still applauding.

"More!" cried Etelka. And the others echoed "More!"

"More presently!" Kronski said, not moving his eyes from Hilary. He bent over her solicitously, holding a silky wrap, that Kasha had left upon the piano.

"Come, we will have a breath of air!" he said, in a voice she had never heard before.

She glanced at the room, with its talking, murmuring, and shifting groups, looked up into his face questioningly, and obediently stepped with him through a curtain door that gave upon a small cluttered passage leading in turn to an open balcony.

This wide iron porch had been a fire-escape once, but it was floored now, and Etelka had placed upon it a big jar of ferns. It was not large, but Hilary and Konrad could stand there com-

## THE GATEWAY

Histrionic ability? Personality? Training? These are the three prime requisites that the ambitious actor must possess if he wishes to reach stardom. But of the three, training is the most important, in the opinion of William Farnum, Paramount star, who came to the Gateway theatre last night, Friday and Saturday in "The Man Who Fights Alone," produced by Wallace Worsley.

"Talent and good looks are undoubtedly valuable assets," he said recently when questioned on the subject. "An actor who depends on those two assets alone, however, is not likely to go very far in his profession. The country is full of talented, good-looking youngsters who believe that they have everything to enable them to reach the top of the tree."

"It is true that many of the younger generation of film actors and actresses have not put in long years of training on the legitimate stage. But it cannot be too strongly impressed upon those aspiring to a film career that they have undergone intensive training for their screen work."

"Talent, personality and training are what make a successful actor. But chief among these is training."

Featured in support of Farnum in the picture are Lois Wilson and Edward Horton. There's a big all-star cast.

fortably, breathing in the sweet soft air of the winter night, looking down into the deserted street that was met half a block away by the jumble of Third Avenue, and up between the spaces of the quiet stars.

Even Third Avenue was comparatively quiet now; a few roisters went by singing, and a policeman clicked the pavement with slow heels. Flashing and rattling, and in a blaze of harsh light, two elevated trains rushed past each other and were lost in the night.

Hilary glanced over her bare shoulder at her companion; his face seemed extraordinarily close to her, and his eyes were a look that gave her a moment's flutter of some odd, unfamiliar uneasiness. She became uncomfortably conscious of her own youth, the warmth and smoothness of his skin that was so close to his face, conscious that her breath was beating strangely, and that her breast was rising and falling in a perfectly uncontrollable and unexpected fashion.

"Don't you—don't you like this sort of party?" Hilary said, to say

something. She felt as if there was a demand for some speech or action on her part, but she could not, in this disquiet of her senses, think what it should be.

"Oh, much!" Konrad answered, and was again silent. The girl looked up at the stars, and told herself that after all she and Konrad had come out here but for a moment, and would be going in again at once. She had a sudden panicky wish to go in, back to the music and voices and company.

"Have you any idea of the time, Konrad? After all, I mustn't be too awfully late," she began in some confusion.

"I think we will not talk about the time now," Konrad said. Hilary's heart began to hammer in fright, she turned him a flash of blue eyes, a nervous laugh.

(To Be Continued)

## MAHURIN'S PLAYERS

"Not So Fast" is proving a whirlwind attraction at the tent theatre of Mahurin's Players (Murphy's Comedians), corner of Central avenue and Stocker street, Casa Verdugo, where it will continue showing all week, states J. A. Menard, manager, the curtain rising nightly at 8 o'clock.

"Not So Fast" is good, clean fun, and the children are getting as big a kick out of it as the grown-ups, declares Mr. Menard. The only way to be sure of seeing the show is to come early or get tickets in advance at J. J. Schulte's drug store, 251 North Brand boulevard.

Here is a sparkling comedy, full of sizzle and ginger. The pace it leads through three big acts is continuously rapid, the only pauses being made at certain important crossroads, where the audience is invited to partake of thrills that are fresh and different.

## THE GLENDALE

Today only, "The Circus Cowboy," with Buck Jones, is the feature at the Glendale Theatre. Friday and Saturday the picture will be Herbert Rawlinson in "High Speed," and, in addition, there will be vaudeville.

## THE T. D. & L.

"Flirting With Love" concludes today at the T. D. & L. theatre. Friday and Saturday "Broken Barriers" is the feature, a Reginald Barker production, with an all-star cast.

Three-fourths of the cities of India having a population of fifty thousand or over, are without banks or banking facilities.

something. She felt as if there was a demand for some speech or action on her part, but she could not, in this disquiet of her senses, think what it should be.

"Oh, much!" Konrad answered, and was again silent. The girl looked up at the stars, and told herself that after all she and Konrad had come out here but for a moment, and would be going in again at once. She had a sudden panicky wish to go in, back to the music and voices and company.

"Have you any idea of the time, Konrad? After all, I mustn't be too awfully late," she began in some confusion.

"I think we will not talk about the time now," Konrad said. Hilary's heart began to hammer in fright, she turned him a flash of blue eyes, a nervous laugh.

## Uncle Wiggily

By HOWARD R. GARIS

### UNCLE WIGGILY AND THE TUMBLE BUG

"Ting-a-ling!" rang the telephone bell in Uncle Wiggily's hollow stump bungalow one morning after breakfast.

"Dear me! That's too bad!" exclaimed Nurse Jane Fuzzy Wuzz, when she had said "hello," and listened for a moment to some one talking at the other end of the wire. "That certainly is too bad! Uncle Wiggily will come right over."

"What's the matter?" asked the bunny rabbit gentleman, as he made his ears stand up straight in surprise. "Is the bad Fox coming here after me? If he is I should say it was too bad!"

"No, it isn't the Fox," said Nurse Jane, as she hung up the telephone. "But Uncle Butter, your goat friend, is ill."

"What's the matter?" said Aunt Lettie as he had been eating too many tin cans?" asked the rabbit.

"I guess he must have the dismal epizootic," laughed Uncle Wiggily. "It isn't dangerous or catching. All Uncle Butter needs is to be made to laugh and he will get better. I'll go over and see him."

"Do you think he will laugh at you?" asked Nurse Jane, smiling. "Well, maybe I can make him giggle again," spoke the bunny, hopeful like and meditative.

On his way over to Uncle Butter's house, Uncle Wiggily sat down to rest on a grassy bank at the side of a hill. And while he was sitting there, all of a sudden, something tumbled down from the top of the hill and hit the bunny gentleman's hat.

"Hello, what's that?" cried Mr. Longears, jumping up. He saw a big, brown bug, crawling on the ground. And, as the bug crawled, it slipped and stumbled and tumbled.

"Did you fall down the hill and hit my hat?" asked the rabbit. "Yes, thank you—I mean excuse me—I did," buzzed the bug. "I hope I didn't hurt you," and as he spoke the bug tumbled down again.

"Ha! Ha! laughed Uncle Wiggily. "Excuse me for laughing, but you do look so funny," said the bunny. "I can't help giggling."

"And I can't help tumbling," said the bug with a smile. "I'm a Tumble Bug and I must tumble—it's my nature," and he tumbled over a little stone, no larger than the head of a pin. And there Tumble Bug lay on his back, kicking his six legs in the air—so funny as never was.

"Oh, dear! You make my ribs ache from laughing—you're so funny, Tumble Bug!" shouted Uncle Wiggily. "You're so funny—Oh, I have an idea; Did you ever make a goat laugh?"

"Lots of times!" said the Tumble Bug.

"Then come with me and make Uncle Butter laugh!" said Uncle Wiggily. "Uncle Butter has the gloomy epizootic. All he needs is a good laugh, and he'll get it if he sees you tumbling head over heels!"

So Uncle Wiggily picked up the Tumble Bug and carried him, in his pocket, to Uncle Butter's house. There sat the goat in a chair as gloomy as a thunder

storm. The bunny put the bug down on the table.

"Flip!" the Bug fell from the table to the chair. "Flip!" and the Bug fell from the chair to the floor. "Flip!" and Mr. Tumble Bug turned a somersault over Uncle Butter's shoe.

"Ha! Ha! Ho! Ho!" loudly laughed the goat. "How funny you are!" And from that moment Uncle Butter got better and was soon as well as ever. And so grateful to the Tumble Bug was Uncle Butter that he gave the insect some rose leaf jelly to eat. And the Bug tumbled in the jelly and it took Aunt Lettie and Mr. Longears half an hour to get him out. At which Uncle Butter laughed harder than ever.

"If the paper knife will make a fireman's hat for the head of cabbage, I shall next tell you about Uncle Wiggily and the watermelon."

### 10 Years Ago

From Evening News Files

No kindergartens will be opened at present in the Glendale grammar schools because of lack of suitable rooms.

Glendale boasts of a new 1915 Overland. It belongs to Mrs. Rebecca L. Macy of 135 North Kenwood street.

William Herman West, S. C. Packer, Dr. H. G. Martin, George H. Melford and John W. Lawson will represent Glendale Elks early in October at the first annual reunion of California Elks.

Smoke House Proving Popular In All Ways

If the psychology of "what's in a name" has any virtue the Smoke House at 220½ East Broadway, under the capable direction and ownership of Paul Lethner, should become the most popular place in Glendale for the business man who lunches and smokes at the same time, for doubtless his name is legion, and the popularity of the Smoke House seems to be increasing every day.

Here one not only finds tasty "wholesome lunches, but the favorite smoke of the most "pernickity" smoker may always be had at the Smoke House.

Coupled with good, satisfying food and pleasing smokes, is the affability of its owner which is a valuable asset to any business and which is sure to attract success wherever put into practice.

Carload Shipments In Colorado Show Gains

DENVER, Sept. 11.—Carloadings on the Denver & Rio Grande Western road in August totaled 20,597. This compares with 20,093 cars in August last year. Increase was noted in all classes of freight with the exception of forest products, potatoes and other vegetables. "The percentage of bad order cars was 5.1 against 6.7 last year."

Pleasing Meal Served Daily at 3B Buffet

The day of the brass rail and stein of frothy malt has probably gone forever, but a reminiscence of that day lingers at the 3-B buffet and restaurant at 235 South Brand boulevard, which has recently come under the new management of Messrs. A. Hall and Jack O'Brien of Chicago, who for many years served their large clientele under the old regime and who today are giving their local patrons the same good old time, home-cooked foods with Eastside always on draught.

This spacious buffet and restaurant is popular for family dinners as well as lunches at all hours and quite like the days when busy men gathered to discuss important matters while enjoying their favorite lunch. This buffet is becoming quite a rendezvous for the business men who are compelled to combine business with pleasure.

A special dinner is served each night as well as on Sunday and many housewives are dispensing with the regular Sunday dinner in favor of the splendid special dinners served at the 3-B buffet and restaurant.

Many of the first wall papers were brought to England by the merchants of East India.

All signatures to the Declaration of Independence were not affixed until August 2, 1776.

## Charles Peirce Back From Journey Abroad

Voyaging from New York through the Panama canal to California was the final feature of the six months' trip just completed by Mr. and Mrs. Charles Peirce of 323 West Elk avenue, who arrived home on Monday.

Mr. and Mrs. Peirce with their son, Theodore F. Peirce, and wife and daughter, Patricia, of 317 West Vine street, left Glendale last March. They went abroad and upon returning the Theodore Peirces came directly home, while Mr. and Mrs. Charles Peirce stopped for a month's visit in the east.

When they crossed the Atlantic in March they went directly to Italy. Their itinerary included Naples, Pompeii and nearby towns; Rome; a motor trip through the hill towns to Florence and on to Venice, Milan, Lake Como, Genoa, Italian Riviera, Nice and Monte Carlo. Then they motored through southern France and later visited Paris. They also journeyed through England and the Scotch lake country. Since arriving in the United States, Mr. and Mrs. Charles Peirce have visited their former home cities, Boston, and Brattleboro, Vt. They enjoyed renewing friendships in both cities. They also visited New York and sailed from there on the steamship President Hayes of the Dollar line. Stops were made at Havana and Panama and later at San Francisco. Mr. and Mrs. Peirce enjoyed the experience of passing through the great canal.

## Says Age of Oldest Inhabitant Differs

Editor The Evening News.—Picking up a paper while in San Diego a few days ago, I read with interest a news item dated Los Angeles, announcing that Senora Maria Antonia Verdugo de Chavoya, "said to be the oldest woman in California" was celebrating her 120th birthday.

When I returned to Glendale I found the same item in The News under a Los Angeles date. When any human being attains the age of 120 years it is a matter of far more than local importance. It is only a short time since our local papers announced that Senora Chavoya was 117 years old and her rapid aging under journalistic process is getting to be serious. For the sake of historical veracity I ask that you publish the following copy of a baptismal record in the archives of the mission of San Gabriel:

"March 16, 1824. The day old daughter of Julio Verdugo and his wife, Maria de Jesus de Romero, by name of Maria Antonia Longina Maxima." (Vol. 3, page 42.)

Julio Verdugo (according to his own testimony) was born in 1788.

J. C. SHERER.

## Unfilled Orders Gain In Steel Corporation

NEW YORK, Sept. 11.—Unfilled tonnage of the United States Steel corporation increased 102,505 tons between July 31 and August 31, according to the monthly statement of the corporation. Unfilled tonnage on August 31 amounted to 3,289,577 tons against 3,187,072 on July 31 last, and 3,262,505 on June 30. On August 31, 1923, the corporation reported unfilled orders of 5,414,663 tons.

## At Sanitarium

Special Correspondence

The hospital building on the old grounds of the Glendale Sanitarium and Hospital is having some much needed alterations made. The new arrangement provides for a consulting room, a room for surgical dressings, examining room and a business office. There has also been a rearrangement of the nursing personnel. Miss Mary Kisz acting as general supervisor of the hospital, Miss Doris Miller having charge of the operating suite, Miss Martha Loffel of the surgical department and Miss Rose Unruh of the maternity department.

Mr. Fuller, the sanitarium pharmacist, has just returned from a vacation. Mr. Shearn, former laboratory technician, looked after the pharmacy in the former's absence.

F. E. Corson, the comptroller, is leaving for the east, where he will spend a month in the interests of the Loma Linda, White Memorial and Glendale Sanitarium and hospital.

Miss Daisy Randolph and Miss Adeline Renius left today for Nevada, Iowa, where Miss Randolph has accepted the position of head nurse in the Nevada sanitarium. Miss Renius will act as supervisor of the hydrotherapy department in the same institution. Both these nurses are graduates of the 1924 class and have shown marked ability in their work. An impromptu shower and reception was held for them last night at the home of the superintendent of nurses, Mrs. Daisy D. Harris, and a large number of their old classmates and associates met to bid them Godspeed and to wish them a successful career in their new positions. The girls were the center of interested groups yesterday who looked longingly at the gayly colored strips printed with fascinating looking names which showed the route that they were to follow on their trip east.

## Firm Looks Into All Applications for Work

In their work of supplying high class office help to Glendale employers, Lamoreaux and Clark, 211 West Broadway, conduct a searching investigation into the qualifications of each applicant for a position, before recommending him or her to any prospective employer, and the result of this policy, they declare, is that those applicants whom they have placed in positions here have invariably given perfect satisfaction in their work.

The firm now has a large number of applications on file from all classes of office help and in the three weeks that the employment agency branch of its activity has been carried on the members report their success has been most marked.

## Robinson Stocks Up On Stetson's Models

Robinsons Men's store, 114 South Brand boulevard, will start showing their new fall Stetson hats today. A remarkably comprehensive display of the new hats will be shown in all the newest brims and shades. According to the representative of the John B. Stetson Co., the Robinson store has stocked up more completely in the different numbers than the usual store in a city of the size of Glendale. He stated that their exclusive retail store in Los An-

## COMMENT

That's All

Tomorrow Is Test Day  
Citizens To Hold Parade  
Chance To Check Up  
Display National Colors

By Gil A. Cowan

Tomorrow the Defense Test of this nation takes place in every community of these United States. Glendale has its program laid out, and there is no reason why the quota of men able to serve should not be exceeded despite the fact that this city is more or less in a suburban class, and its manpower in the metropolis during the day. All patriotic firms who can possibly do so are requested to release their employees at noon to participate in the enrollment and parade and aid in bringing to a mighty climax General John J. Pershing's plan for civilian preparedness.

Patriotic citizens also are invited to parade, flags should be unfurled from all business houses, and while the day is not a holiday, it should be remembered that this nation. It is established by presidential proclamation.

In addition to the military value of Defense Day, it has an economic value in that the workability of civilian preparedness will do much to hold down the numerical force of the standing army.

Volunteers in tomorrow's Defense Test will remember that enrollment does not necessitate the taking of names, or military drill other than orderly parade. It simply gives reserve officers the opportunity of checking up the number of men available in each community which otherwise would be an almost impossible task.

## In Southland

By Southland News Service.

**TRUCK INVADERS ISLAND**  
SANTA BARBARA, Sept. 11.—Signs of civilization on Santa Barbara island are enhanced by a little red motor truck shipped over this week to convey grape pickers from Prisoners' harbor to Caire's ranch.

**SCOUTS STUDY COOKING**  
HUNTINGTON BEACH, Sept. 11.—Husbands of the 1930 class will be able to cook their own breakfast if Scoutmaster C. E. Morris puts through his program for the Boy Scouts at their cabin here during the next six months. He is going to give them a course in cooking.

**RECRUIT FOR NAVY**  
SAN PEDRO, Sept. 11.—Recruiting for the United States navy has been resumed here and elsewhere until present vacancies are filled. Boilermakers, blacksmiths, hospital apprentices and apprentice seamen between the ages of 17 and 30 who have references for admission will be accepted at this time.

**CHURCH WELFARE WORK**  
SAN PEDRO, Sept. 11.—The industrial relations committee of the First Methodist church of this city has aided in the placement of more than 400 men and women. Meetings have been held which 18,000 have attended already this year, it is reported by James Osborne, in charge of the work. Four classes in welfare work are being conducted.

**ENTER Y. M. C. A. SCHOOL**  
RIVERSIDE, Sept. 11.—Orlando W. Noble, Leon Starkweather, Lorraine Webster, John Spinnell and Mino Yonemura, graduates of Polytechnic high school here in 1922, have left for Chicago, where they will enter the Y. M. C. A. training school for physical directors. All are well-known local athletes.

**CHANGES NAME, WEDS**  
RIVERSIDE, Sept. 11.—No sooner had Joseph M. Meek had his surname changed to King in honor of the people with whom he has lived at Hemet than he presented himself at the marriage license bureau here and was granted the necessary document to wed Miss Gertrude Bean, also of Hemet.

**PLAN TO INCORPORATE**  
INDIO, Sept. 11.—With 428 registered voters and perhaps 100 more residents who are eligible to register, this community is considering incorporation. There are 350 children enrolled in the public schools and there is a business district worthy of the name "city."

**CANTEEN WRECKS CAR**  
SANTA BARBARA, Sept. 11.—While liquor has caused many a motor wreck, it remained for a canteen of water to send a car into the ditch here, according to investigating officers. The canteen was slung on the side of a tourist's car. The strap broke and the canteen got into a rear wheel, tearing out the spokes before the machine could be stopped.

## Decrease Is Seen In Southern Oil Fields

SHREVEPORT, La., Sept. 11.—The daily average oil production in Louisiana and Arkansas last week showed a decrease of 3,844 barrels to 187,746. Thirteen new wells added 1,380 barrels. The discovery of a new gas field in Harrison county, Texas, near the Louisiana line, where the gas is coming from a depth of 950 feet, was a feature of the week.

Geles had not a more varied or well-selected stock of Stetson hats to offer for this fall wear than the Robinsons Men's store, Glendale.

## ALL CLASS LINES TO BE DISCARDED

Demonstrations on Defense  
Day Will Be Featured  
By Patriotism

By EDNA MARSHALL

Special Correspondence of the Glendale Evening News. Copyright, 1924. WASHINGTON, Sept. 11.—Bankers and machinists will be buddies for one day again next Friday. Hoboes and millionaires will march down the streets of the country's cities side by side, eager to show their patriotism.

Party lines will be swept aside probably for the last time until the battles of November are past. And harmonizing step with step, Republicans, Democrats and Progressives, will sweat a common sweat, if Old Sol is on the job, march a common course, and wield a common peace-time gun.

That war was no respecter of persons was shown by the camaraderie that sprang up in the battles over the sea. And that peace-time military demonstrations have the same propensity is proved by the array of organizations writing to the secretary of war and the committee behind the national defense test of September 12, to offer their support.

More than 5,000,000 men and half as many women are expected

## Classes In Culture Of Voice to Resume

Hazel Campbell of 1412 South Brand boulevard, director of Little Players studio, has just returned from her vacation at Big Bear. Work is resumed at the studio and classes are being formed for the fall term. Miss Campbell gives particular attention to the development of the speaking voice.

The dancing classes under Adelaide Montgomery are progressing rapidly and new classes are being organized for children and adults. The work of Miss Campbell, which has extended over a vast area of the United States, has received highest commendation wherever she has taught.

To take part in local demonstrations. The two organizations which last asked for places in the list of those supporting the national movement are the association of machinists and the bankers' association, according to reports, for, despite individual protests, plans for the test have gone merrily forward.

The American Legion will walk with the surviving members of the Grand Army of the Republic, and the Veterans of the Spanish war. All lines between the women will be cast aside as well, the Daughters of the American Revolution will mingle in demonstration with the Women's National Farm and Garden association while history teachers will join hands with postoffice clerks.

## PARADES FEATURE OF DEFENSE DAY

Volunteers 'For Day Only' to  
Be In Line of March  
In Los Angeles

LOS ANGELES, Sept. 11.—All Southern California enthusiastically joins in the national observation of Defense Day tomorrow, September 12. It is expected that Los Angeles will exceed its quota of 14,000 men by an enrollment of 50 per cent more than required while other cities will see a tremendous outpouring of volunteers "for the day only" to prove to the world that America is prepared.

Parades will feature the day in every community where groups are to gather. The great skeleton civilian army will march into the Coliseum under the direction of reserve corps officers, who have been named in advance. These volunteers will merely give four hours of their time to the government tomorrow, there being no registration.

**Patriotic Programs**  
Various civic and patriotic orders will be in line of march in the various parades taking place tomorrow and programs for the afternoon and evening will be featured by band concerts and ad-

## The Gateway

GLENDAL'S NEWEST THEATER  
SAN FERNANDO ROAD & BRAND BLVD.

Tonight, Friday and Saturday, Sept. 11, 12, 13

For All Next Week as Added Attraction  
**HERRMANN, THE GREAT**  
The World's Renowned Magician, and MILLE GLADYS, the Girl with the Radio Mind. Sees All—Knows All—and Tells All

dresses. In a great military parade in the metropolis regular army forces from Fort MacArthur, San Pedro, will participate, lending a military figure to the long lines of physically fit men marchers. In many communities citizens are invited to parade in conjunction with those who are enrolled under military leadership. Congressman John D. Fredricks will be the orator of the day at the Exposition park coliseum here.

## HIGH CROWN HATS

LONDON, Sept. 11.—Everywhere at present one sees the high crowned hat and usually the hat with the crown that is square. Often these hats of satin or felt are untrimmed except for a narrow band around the crown. They have a Kate Greenaway look.
